LONG AS SHE'S GOT A DIME, - THE MU-SIC WILL NEV - ER STOP.

# 'T he juke box blows a fuse . . .'

Well, the dime has turned into half a dollar; the Juke box has given way to expensive stereo equipment, but through it all the inflation; the changing trends; whether the hair touched the collar or the skirts touched the floor; whether the Rebel was without a cause, or E.T. without a ride home, **the music never stopped.**

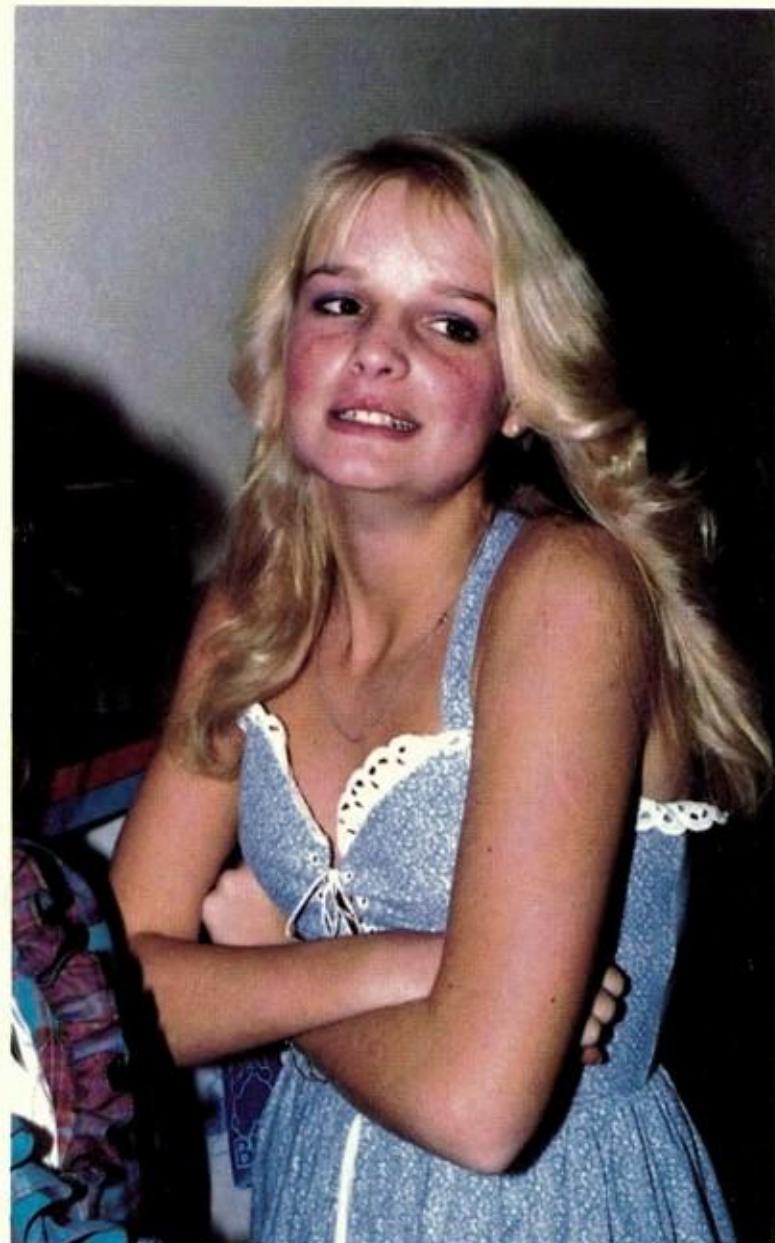

Dear Rick-

Well, you finally made it through school & I'm glad I met you along the way! I really had a lot of fun w/ you, but things worked out for the best. You & Tracy are perfect together and I'm really glad that the two of you got back together. I succeeded in and out of school & I hope that you do the same. I need somebody there

# The music is you

Music makes pictures and often tells stories, all of it's magic and all of it's true; and all of the pictures and all of stories and all of the magic, the music is you.

Music has enhanced the flavor of living since the beginning of time, it sets a feeling for all people, styles, and eras. Through clouded skies or brilliant blue days a song is found to fit every emotion.

An old song can warm us with memories and as we join in the chorus we're able to relive a happening or period of time to which the song is a brother. Our year at Rim has become just that. A song we've composed ourselves; a song we will hear everytime we open this book.

By collecting bits of everyone's verse we have created a melody; a memory that we can cherish forever; we can hold fast to the notes that were the keys of our lives. To the students of Rim High, we present this year in a song.

# Dreams

The twenty-seventh annual homecoming festivity created unsurpassable memories.

The lost "spirit" at Rim High was rediscovered as the Scots came alive in an unprecedented fashion. *Scot Pride* was seen in every student, classroom, and hallway at Rim. Each was proud to be a Rim Scot, and it showed. Dreams of good times, royalty, and victory filled our every thought as our Homecoming drew near.

Spirit Week helped to raise our *Scot Pride* to heights never reached before. Semi-Formal Day kicked off Spirit Week with a touch of class, followed by Tie Day, Tourist Day, Hat Day, and Red, White, and Blue Day. Carnations were sold by the senior class for one dollar and handed out with their messages on Friday. We came to the end of our Spirit Week with feelings of excitement and curiosity over the Homecoming game. The Homecoming Court finalists and the princesses were announced at our Pep Rally.

Shay Jensen was the proud freshman princess, Jenny Williams became this year's sophomore princess, and Deena Anderson was the junior princess.

King and Queen of 1982, John Lubisich and Patti Edwards

The jr. class joined by "Puff the Magic Dragon."

"Splish-Splash" the seniors are "taking a bath."

Michelle Kinderman, John Lubisich, Debbie Nunn, Jenny Williams, Deena Anderson, Shay Jensen, Buddy Crisp, and Patti Edwards enjoy their "Precious Times." (Not pictured David Harich, O.G.W.)

Rich Ikenberry, along with the rest of us, learns the true meaning of "Heartache Tonight."

The varsity cheerleaders try to make this homecoming "Better Than Ever."

The game arrived and our Scot Pride shined brightly of dreams of victory. With artistic floats awaiting their halftime performance, we watched our Mighty Fighting Scots battle the Perris Panthers. Our dreams of victory were shattered as Perris received their Christmas present in October and luckily recovered a fumble in their end zone to defeat the Scots in overtime, 13-7.

Halftime came upon us, and the floats shined as never before. The junior class,

led by Deena Anderson displayed their talent and imagination in their first place float, followed by senior class and the sophomore. Excitement filled the air as we all anticipated the crowning of Rim High's King and Queen of 1982.

The court was carried in on an array of cars. Our curiosity was finally satisfied as the court was announced. John Lubisich and Patti Edwards were the proud Prince and Princess of the senior class. David Harich and Debbie Nunn became Duke and Maid of Honor. Saturday night we rocked to Keeper. The senior Class was proud of their job well done. Our Homecoming became more than a "Dream" it became a reality to us all.

To you, Mr. Tipton, we dedicate this book of 1982-83. Mr. Tipton was born in Texas, but has been a resident in California for most of his life.

His first teaching job was at Rim twenty-five years ago when only the J-wing existed. He enjoys many sports. In his spare time he goes fly-fishing wherever it is peaceful. He has encountered tragedy and sorrowful times in his life with the death of

# 'CARRY THAT WEIGHT'

A note to a friend...

In keeping with the theme of popular song, I found myself searching for an appropriate song which would somehow sum up what this man, Chuck Tipton, was all about. The task grew more difficult day by day. After all, this was a "Most Peculiar Man."

Numerous song titles would fly through my head, all fitting his amazing history; however, the significance of each was hinged upon a knowledge and understanding of all that Chuck Tipton had seen. You see, though many may know of the battles Chuck has faced, very few have had the privilege to know him. Knowing this, I feel most fortunate to have become his friend.

On the school grounds, Chuck has taught in the social studies department as well as serving as a counselor. He has been at Rim for a few lifetimes. He has seen students, teachers, and administrations come and go. Yet, this part of Chuck's life, though important in the professional sense, could not begin to compare with his life on the home front.

"Without Rhyme or Reason" Chuck was faced with tragedy. A devoted family man, there was never a question of where his priorities should be. This man has heard more arrangements of a song than most of us could ever imagine. He has taught many of us how to "Carry that Weight" a long time. For this I thank you Chuck Tipton.

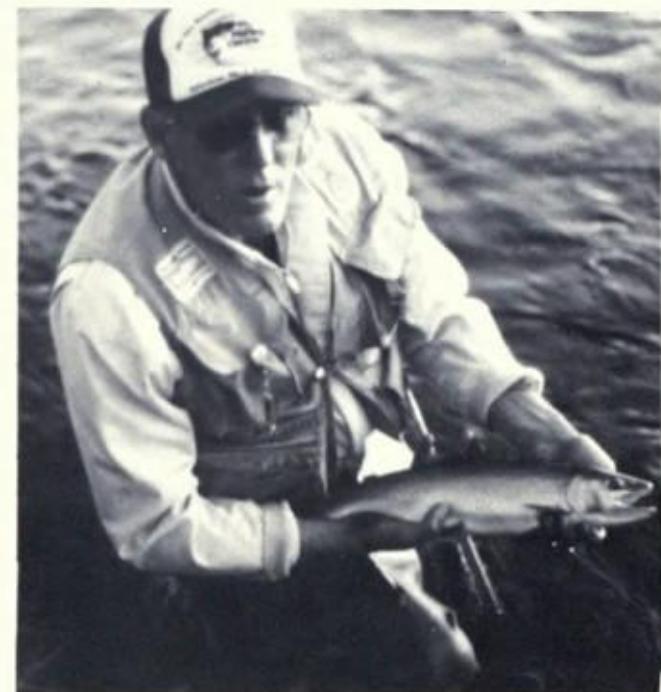

— Steve Shelton, Advisor

I fish because I love to, because I love the environs where trout are found, which are invariably beautiful, and hate the environs where crowds of people are found, which are invariably ugly, because of all the television commercials, cocktail parties, and assorted social posturing I thus escape; because in a world where most men seem to spend their lives doing things they hate, my fishing is at once an endless source of delight and an act of small rebellion, because trout do not lie or cheat and cannot be bought or bribed or impressed by power, but respond only to quietude and humanity and endless patience; because I suspect that men are going along this way for the last time, and I for one do not want to waste the trip, because mercifully there are not telephones on trout waters; because only in the woods can I find solitude without loneliness; because bourbon out of an old tin cup always tastes better out there; because maybe one day I will catch a mermaid; and, finally, not because I regard fishing as being so terribly important but because I suspect that so many of the other concerns of men are equally unimportant and not nearly so much fun.

— Robert Traver (A Tipton Favorite)

loved ones. He has overcome these hard times with the help and love of his family members. His three married children have all attended Rim High and have started their own families. Thank you Mr. Tipton for sticking it out and teaching so many of us through the years.

June

dearst Rick -

Wek Babes! How come I always have so much to say and so little time to do it? Well, I guess you can't answer that hick? I sure had a good time with you for the short time we had! You always made me feel so special with the things you say & do, now, it's my turn to show or should I say tell you how I feel about you! You've got an excellent personality!! I really mean that too! I really miss you and I could of stayed together cause I really did care about you very much!! You're so special Rick, and sometimes I wonder if you really knew I thought that!! Well, I definitely do! And I always will no matter what happens. I'm glad things turned out the way they did & that we're still friends.

If there is ever ~~any time~~ you'd like to see me (friends & party) I'd love it & appreciate it if you would call. I wish you all the luck in your future and with Tracy! Don't ever change or lose your sense of humor. I'll miss you. Love always - keep in touch!

# Will we remember the song?

The days have gone quickly and our time at Rim High School is up. The question of our future arises. Thoughts of college, careers, and ambitions tangle the mind and produce an uncertainty which only time can excuse.

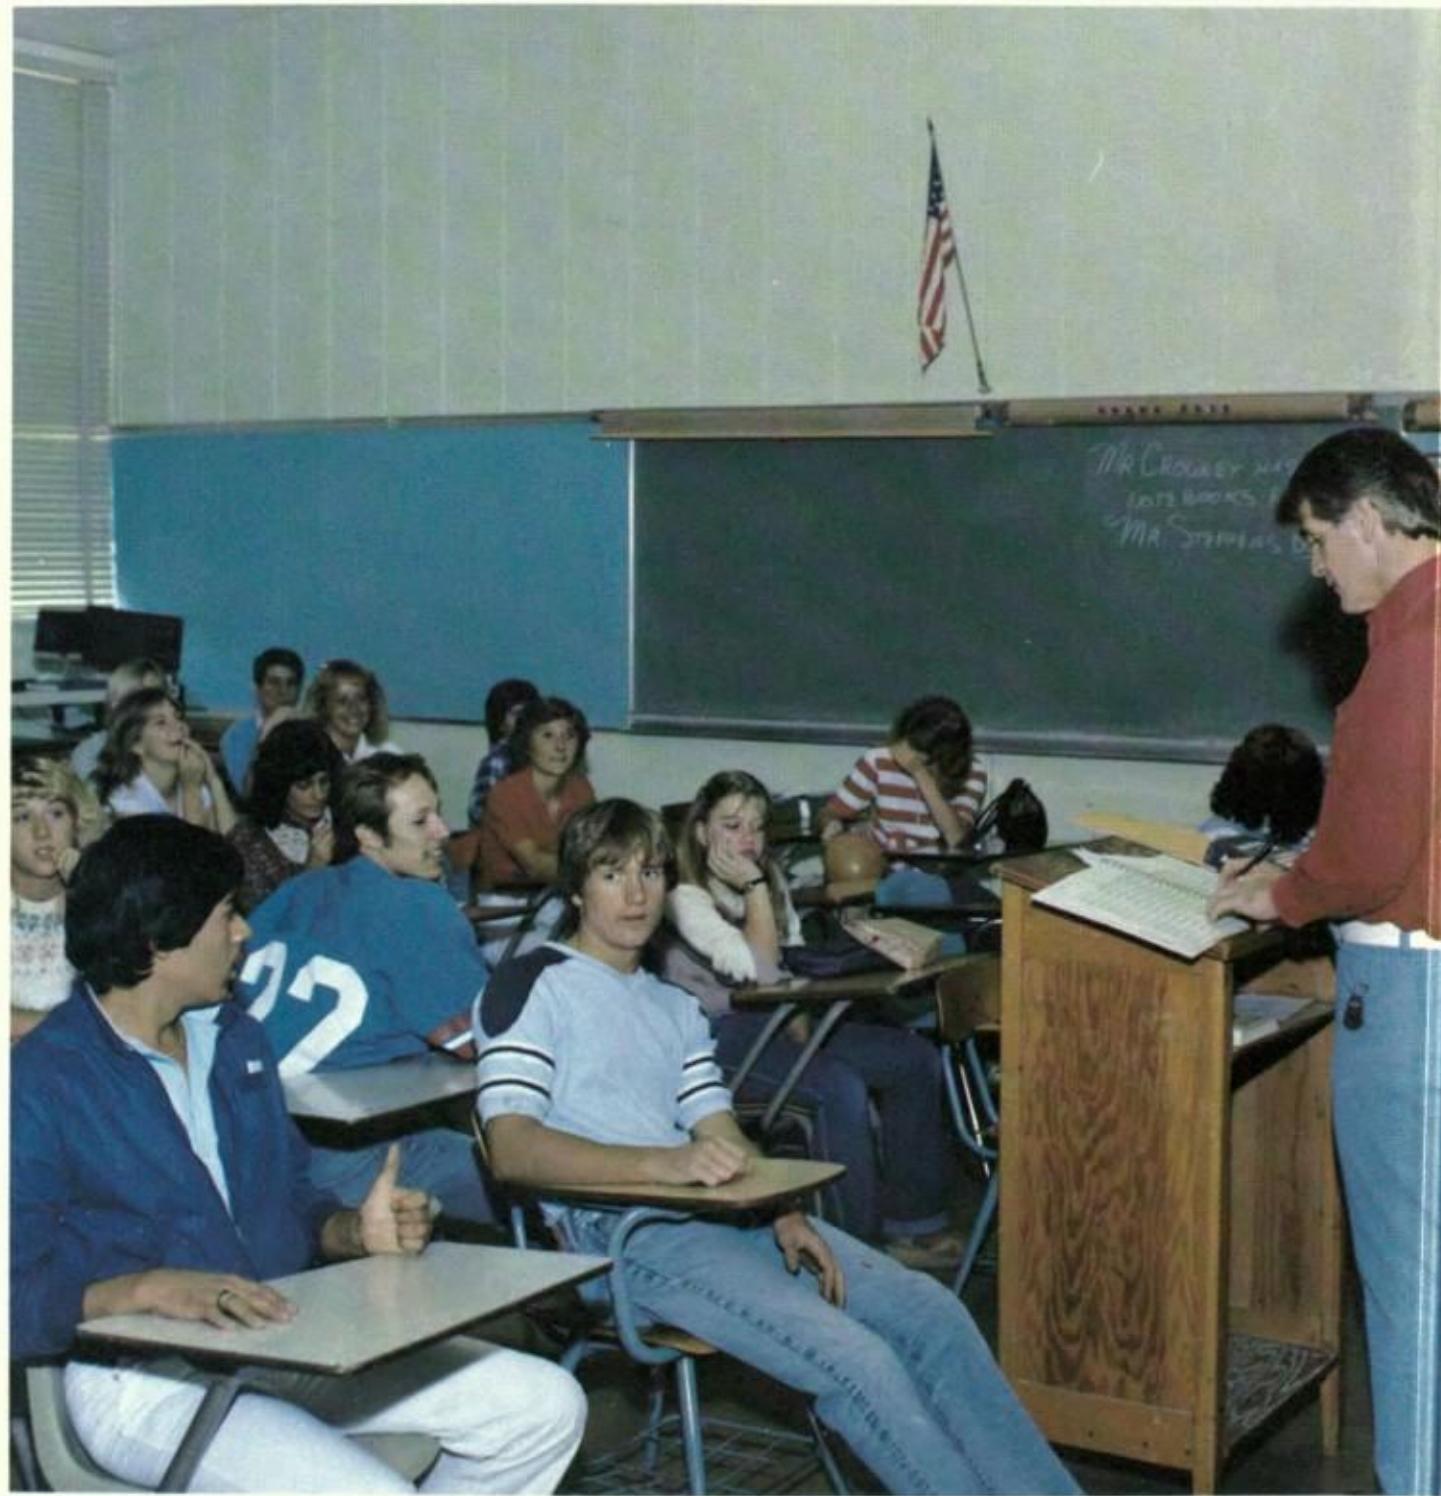

As we toss off our caps in our final participation at Rim, will the emotions be felt as strongly in years to come as they will be on this graduation day? Leaving Rim is not easy for us.

When will we see the friends in English class again? Ever? Or will we falter when we try to remember their names? How can we leave knowing the friends we've bonded with will become more pictures in a yearbook and lost promises of keeping in touch?

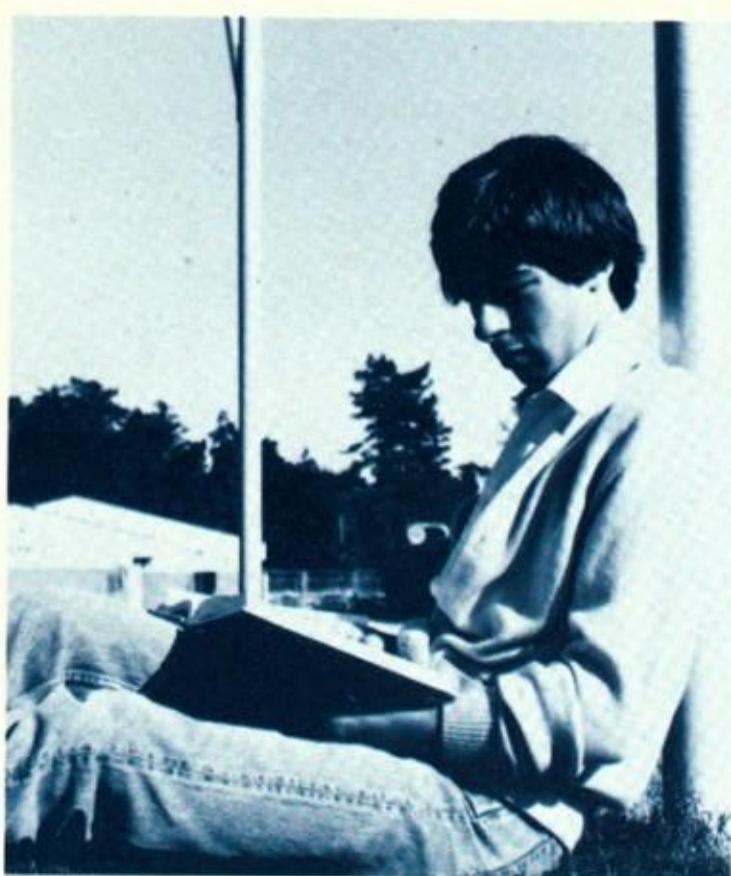

When the music's over, will we still remember the song? Will the lyrics stay bold in our thoughts and feelings Or will they slip away, never to be thought of again?

We can never forget the little things that made our years so special. We save flowers and letters, hoping that the future will not erase our memories. Homecoming tickets, prom corsages, Powder Puff victories, winning floats, senior pranks, champion teams. Will we always remember all our good times at Rim? Or will the memories fade, like our favorite pair of Levi's?

Becoming seniors was not an easy task. Having accomplished this, can we give it up to enter a different life style, not knowing what's ahead? Leaving Rim will be unlike anything we've ever experienced, but with our potential, we will be able to handle it. Because the class of '83 was meant to be!

# District Office

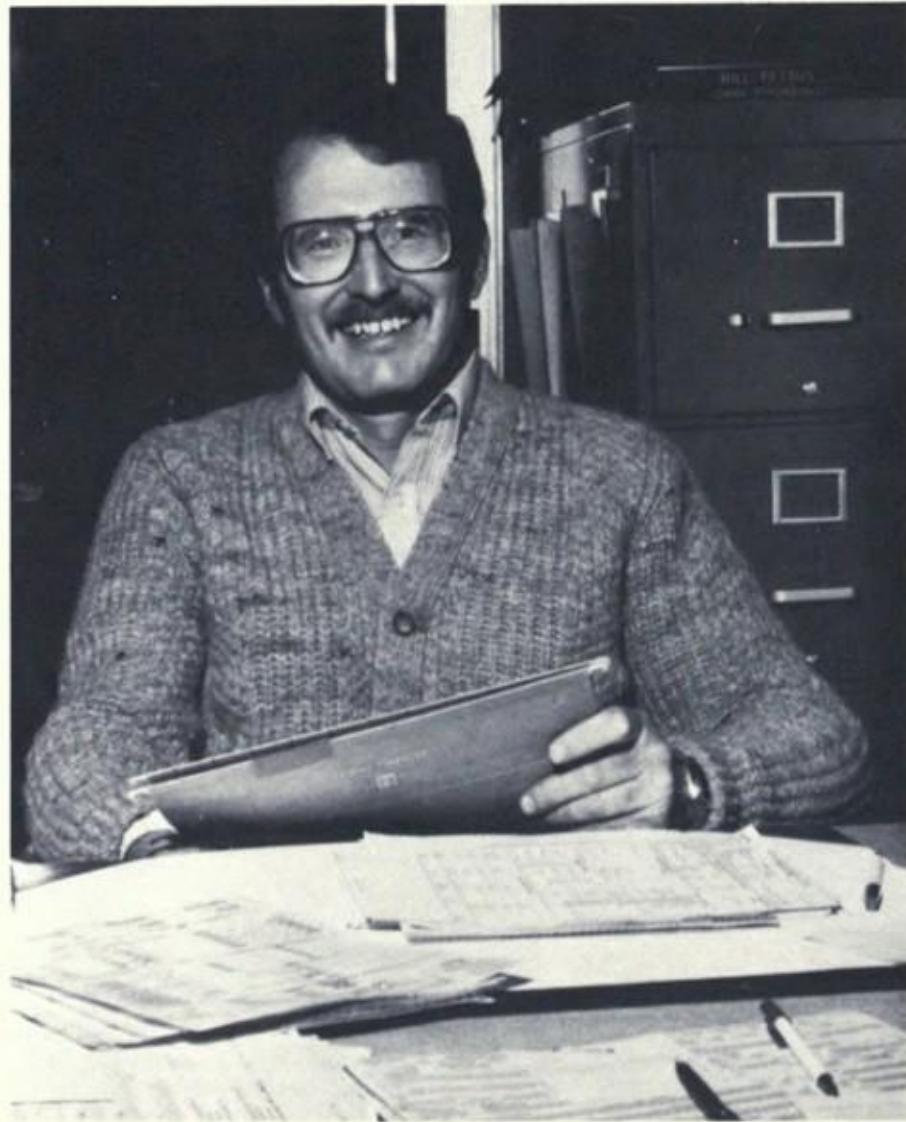

"Bridge Over Troubled Waters" — When our district administrators came into office, they faced a challenge that would be tough to beat. Finding solutions to many of our habitual and cultural problems has been the main source of many long, hard working hours in which they gave it their all to solve the problems that have arisen from students and the changing of times.

The district administrators are constantly searching for new and better ways to keep the school district's reputation upstanding. This was not one of their easier tasks, considering the limited funds and time with which they were provided.

So it is to them that we give our congratulations and many thanks for going beyond the call of duty to keep our school district the best ever.

# Administration

Tim Buchanan — Principal

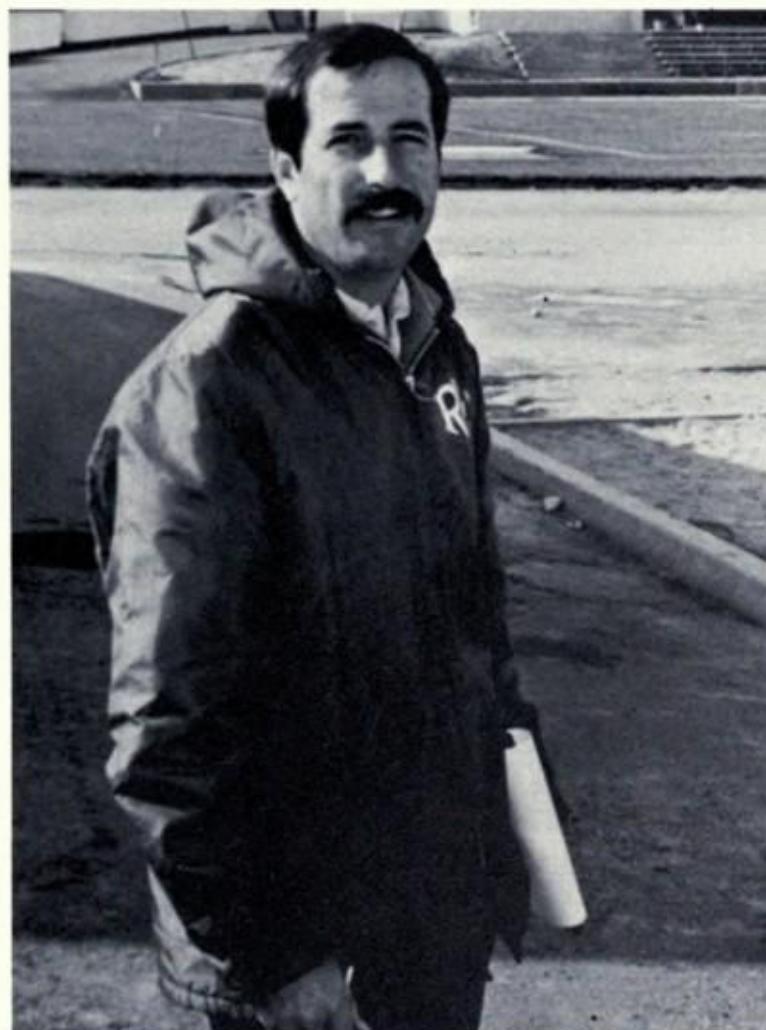

Joe Matthews — V.P.

"Men At Work" — The 1982-1983 school year has seen many changes. One of the larger ones to come about was the transfer of Bob Gayle to Lake Arrowhead Elementary. Leaving a spot to be filled, Joe Mathews stepped in and showed us his flexibility and strength and became our new Vice Principal. Joe Mathews and Tim Buchanan intertwined their strengths and ideas to make one powerful force.

New attendance policies, tighter budgets and higher enrollment proved to be a fierce challenge, but our administrators accepted the challenge.

There is something that our faculty and administration have that makes them unique from all other schools. They have pride and a strong determination to uphold our school and keep the feeling of security there. Many groans and complaints were heard from students as the new policies came about this year, but they were silenced as we all realized that they were the things that make up "Rim High." So to our administrators we give a solid pat on the back for going against the odds . . . and beating them.

Dave Ochs — Athletic Div.

# Counselors

A student often asks himself, where do I go after high school, how do I go about it, am I taking the right classes, what are my choices? This is why our counselors are very important to the students. They aid the students as best they can and work long hard hours for them. A high school student has to make hard choices about their future. The counselors show them options and give students advice. Just like teachers, they have to have dedication and a love for their job to do the great job in which they do.

Phyllis Swinnerton

Levelle Cochran

Ken Newton

# Industrial Arts/Art

Industrial Arts such as jewelry, ceramics, wood and metal shop and others give the student an opportunity to create his own projects. In every class the student gathers his own ideas and thoughts to produce something from them. Some students take these classes for fun and to experience different arts. Others tend to make a future in their interest. In other art classes students draw, paint and create in a slightly different way. The teachers show and teach them the ways of "creating" and students branch off with their own ideas. We seem to have several artistically inclined students who are striving for success.

# Math/Science

Kenneth Janssen

Doug Williams — Dept. Chair

Bernie Drozd

Jim Minor

Bob Schweighardt

Our Mathematic Department had more students enrolled than ever before. Math can be "easy-come" to some, while others struggle through it. The teachers try to help Math not be such a dreaded class. The classes ranged from general math to calculus. These classes and the many in between had hard working students enrolled in them. They are much deserving of the new center which is being planned and built. For college bound students, Mathematics was very important. The teachers realize the importance and tried to help them through problems to prepare for future college tests and classes.

Bill Lakatos

Eddie Exline

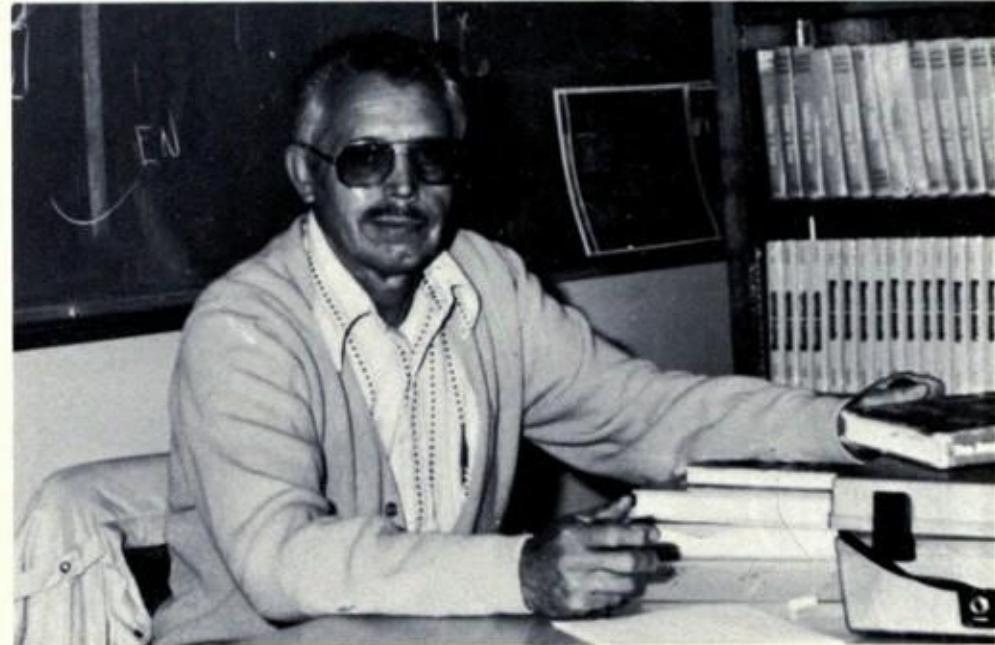

There is a great deal of math in the field of science. This can also be a dreaded subject for some. There were those who found it enlightening; the doctors, scientists and researchers of tomorrow, the Asimovs and the Einsteins. For most, it lends but a multitude of invaluable information, and was the most common cause of ulcers among the Rim High student body. While teachers toil over the test in Biology, Chem. and Physics, students learned about the human machine, its chemically activated miracles, the chemical make up of the world, and why a ball rolls down hills.

Fred Miller

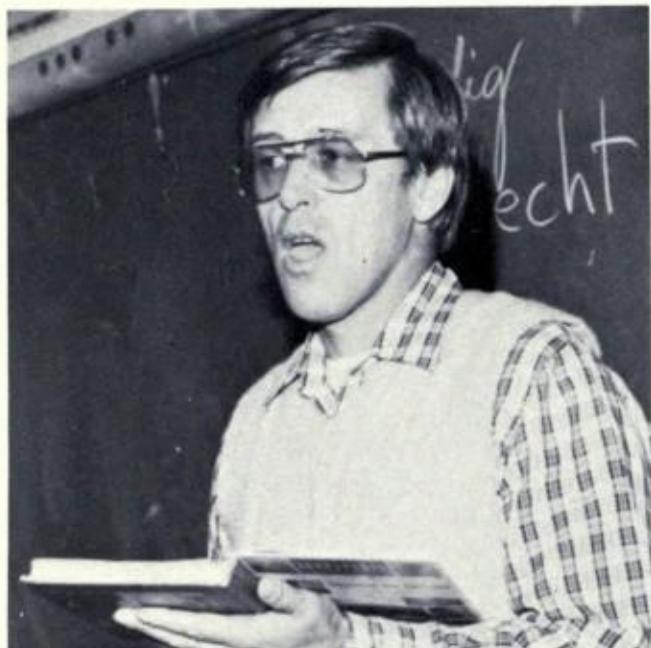

# Foreign Language/English

Rim High offered both German and Spanish. The students learned about the culture as well as the Spanish language. Dedicated students may go as far as they'd like in learning Spanish. Mr. Martinez taught students to speak fluently and to write correct Spanish up to 5th year. Mr. Fenn and Mrs. Garcia help students get an educated start into the language. Rim High is thankful for having former exchange student, Jarle Eldevik in its staff. The German language has a different dialect and therefore students must practice speaking the language quite a bit to get used to it. Learning a foreign language took dedication from the student, because indeed, it was "foreign" to the students.

One has to write and speak well if they want to be successful in any career. This department was the nucleus to all the other areas of study. A student would achieve more and understand other subjects better if he could read the textbook well and express himself on paper. The English teachers helped students in every way they could to accomplish this. The reading and writing center was greatly improved. We feel that our English teachers are some of the finest in our state.

# Social Studies

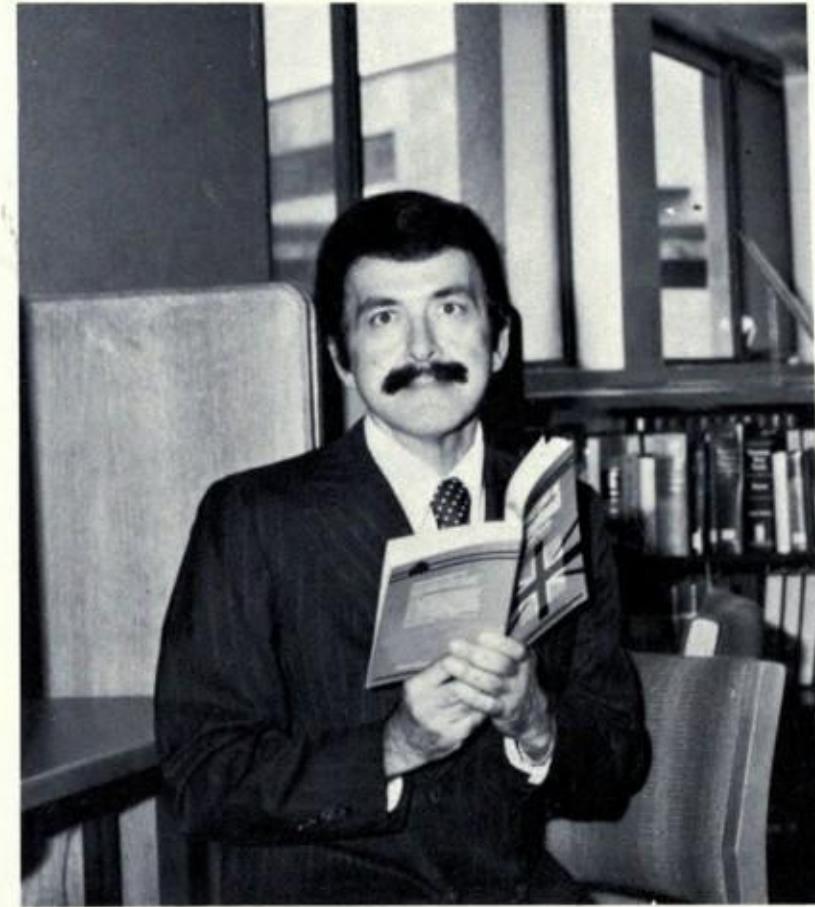

The social studies classes taught the students about themselves and others in the human race. Humanities taught students about foreign cultures and "walks of life." Human behaviors was a very interesting class, the students felt, because they learned and became familiar with LIFE in all aspects. It took the student through genetics and death and all the in between. The social studies courses seemed to stir a students mind and so they became interested, asked many questions

and felt open with each other. Social studies teachers created the atmosphere of openness and erged the discussion of opinions.

Plato once said, "Do not train youth to learning by force and harshness, but lead them to it by what amuses their minds so that you may discover the peculiar bent of the genius of each." It was the aim of the Social Studies Department to provide for the uniqueness of all students and to

enable them to become one with the Western humanistic tradition. It is our hope that students will leave Rim with the confidence to say "I am a person and nothing human is foreign to me."

# Business/Music

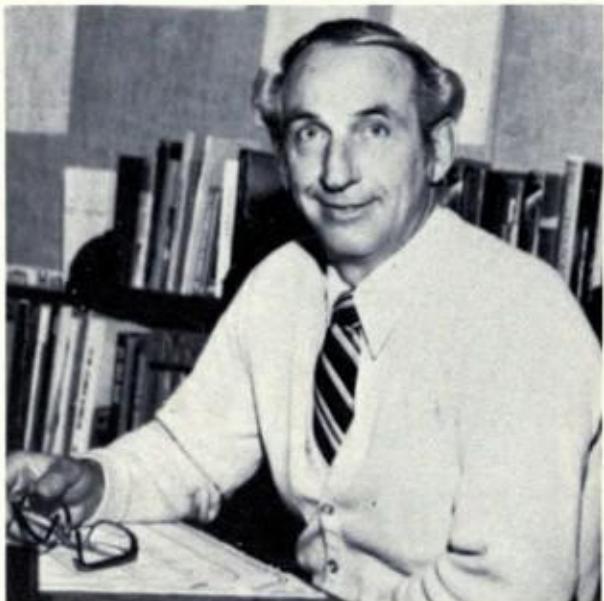

The teachers of the business department worked hard to develop students' skills. During uncertain economic times, these skills were greatly needed. Whether a student plans to attend college or move into the business world, the skills they developed here will help immensely. Many students struggled with the confusing keys of the typewriters, but with practice, many developed a quick hand. Shorthand may look foreign to several people, but the students have learned to use it to their best advantage. Students in accounting dealt with figures which are used in business careers. Basic Occupational Skills were of-

fered to students for experience with forms, numbers, and skills they'll use in the future.

The Music Department had fine facilities and hard working teachers to help the students. There were many talented and devoted students who had special interests in music. They participated in special events including tours, concert, and other performances. The students and teachers had to work long and hard to develop good, sound music. At times, this work became tiresome but in the end they were all proud of what they had accomplished.

# P.E.

When one thinks of physical education many are inclined to think of fun and games. At Rim High this is not true.

This year students had the choice of weightlifting, volleyball, football, soccer, tennis, and still much more. Physical training and coordination are two important aspects in staying healthy and physically fit. This is the reason our faculty strive so hard to offer as many activities as they possibly could.

Along with teaching us how to use our physical abilities, our faculty also taught us what it takes to stick to a goal and how determination can build character.

# R.O.P.

The Regional Occupation Program offered on the job training to students who are looking to earn credits and learning a skill at the same time.

This program is supported by the state, and no payment is required by the student.

The program is offered to anyone who is 16 years old and older while enrolled in High School. All students are taught by professionals.

There are classes morning, noon and night, depending on their placement.

There were many advantages to this program; as many students have gone on and have become successful in the field in which they have been experienced in.

# Special Education

Inga Probst

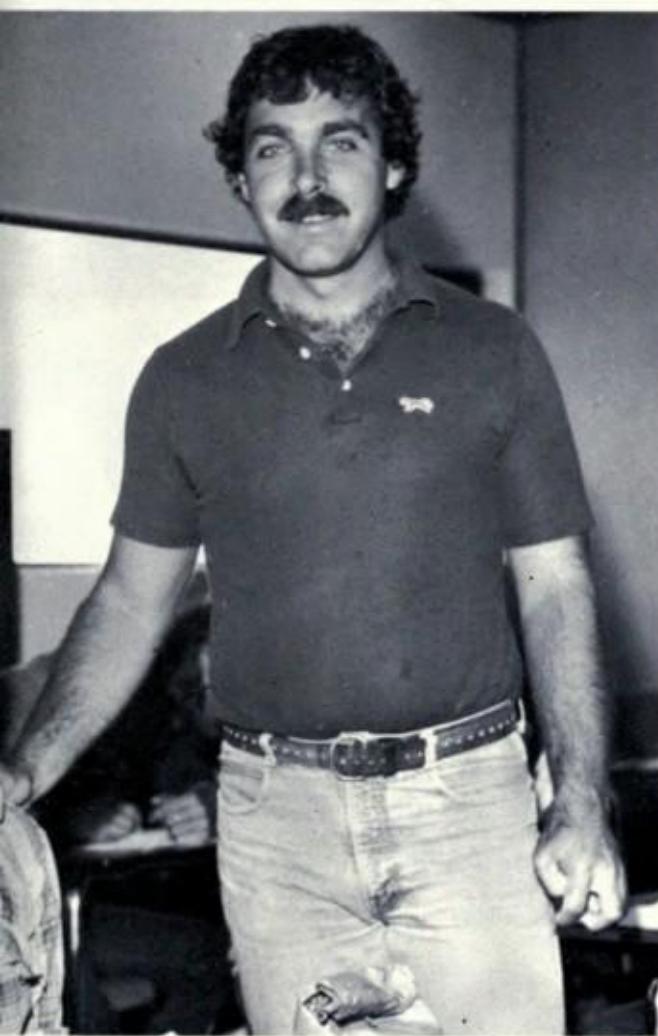

"Special" — Being special not always means an easy way of life. Often one has to work harder and set goals higher.

With the help of Dave Lawrence and Inga Probst, the students were brought up to their potential learning ability.

By being in this class, many of the students felt that they could learn faster by setting their own pace. This class had many positive effects on several people for years.

Dave Lawrence and Inga Probst have worked hard to enhance the learning program here at Rim High. They have spent much of their time trying to prepare certain students for life outside of high school. There have been many times in which they have been rewarded, but it is because of their dedication that so much success has been bestowed upon them.

"Working with these students is very challenging, but also is very rewarding."

# Supporting Staff

HELP! This was what many of the supporting staff experienced. With the overpopulation in the school, the custodians, secretaries, security officer, nurse, teacher's aids, and bus drivers had to work harder to compensate for the heavy load. They did a job that no one thought could be done.

The supporting staff was the force behind the school that kept it running smoothly. They attended to all the small details that were often overlooked. Without their support and strength, the flame that keeps the faculty striving would have been kindled.

So, to them we say thanks.

# Underclass

# Juniors

Rocking to their own beat, the Junior Class set a rhythm never to be duplicated. It started on Homecoming night when the crowd roared, as did the dragon on their first place Homecoming float. It was another prize-winning float marked for the class of '84.

When it came to raising money, the Junior Class took on the responsibility eagerly. The Juniors knew that concessions would be their big money raiser and were ready to give it their all. The lack of home football games and the weather challenged their efforts but their enthusiasm remained strong and those losses were made up for by concession sales during many other events.

Later in the year, among the pancakes and eggs of the Junior Breakfast and the hot dogs and hamburgers of their Bar-b-que, was a fulfilled crowd and ambitious leaders all seeking the unity and spirit these events provided. Careful planning and lots of hard work by the officers was evident, as was the time and direction the class advisors John Fenn, George

Stehmeier, and Gerry VomSteeg unselfishly gave in providing these and many other school activities and fund raisers that proved both successful and rewarding.

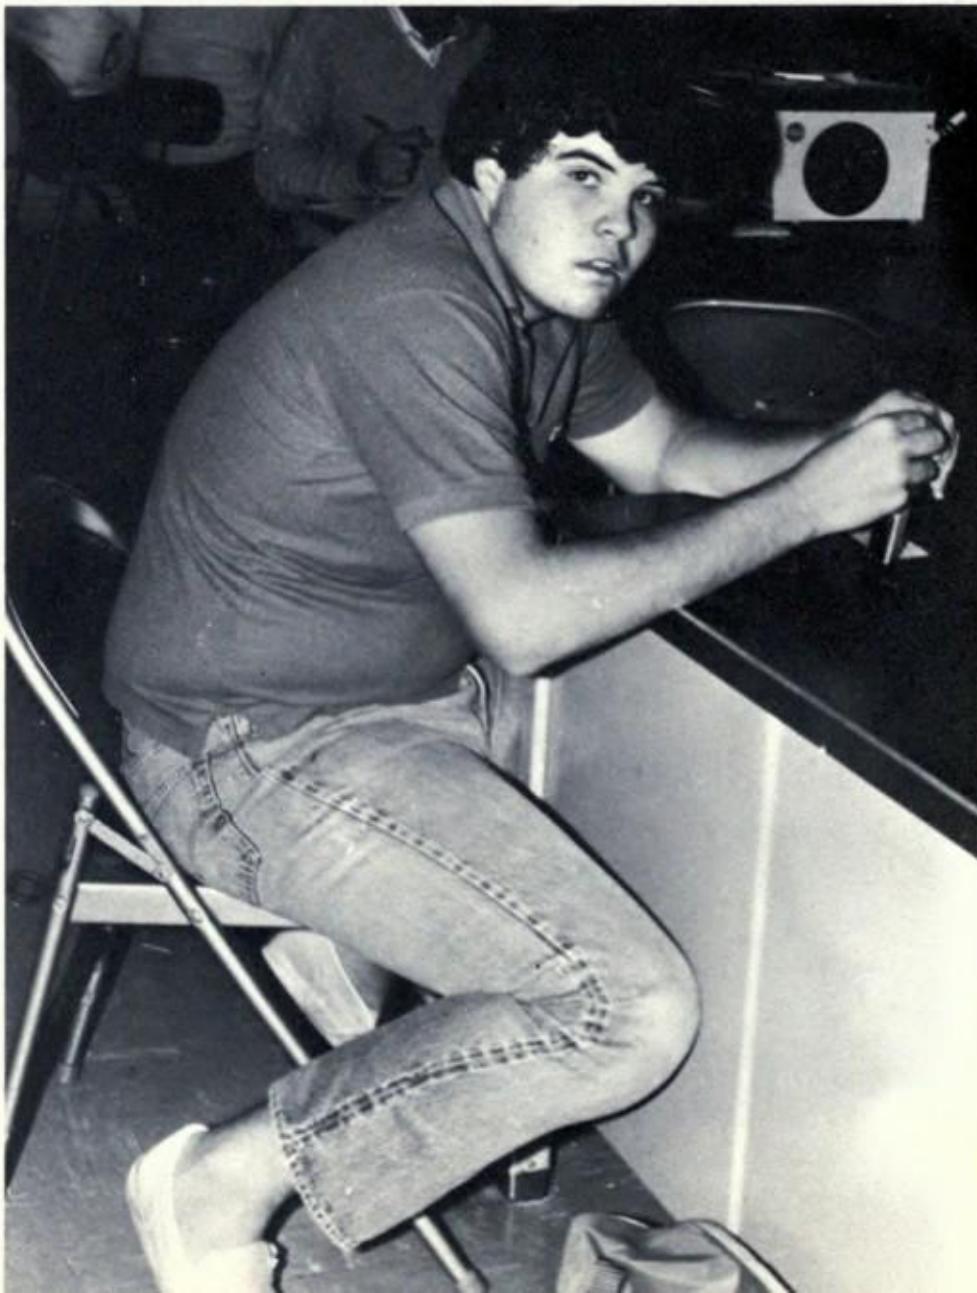

Yet, not only in social activities did the Class of '84 set their rhythm, but also in the many talents they displayed in academics and athletics. The Juniors were well represented in honor roll and other academic honors. They also represented themselves in numerous art, musical, and athletic competitions throughout the year, achieving many achievements and victories.

The final and most unique rhythm was added to their year as the Junior-Senior Prom was organized and successfully brought about. It was an event much enjoyed in the atmosphere of the elegant, newly-built Lake Arrowhead Hilton. A gourmet dinner was served prior to the dance — Something never before attempted in Rim High School's history. It was new and enjoyable and became a Prom never to be forgotten.

# Sophomores

Under the leadership of president Lori Dohrn, vice president Danny Evans, secretary Cathy Ibbs, and treasurer Keri-Jean Madden, the Sophomore class became more than just another class to enter through the doors of Rim High. They showed the characteristics of a great class by being productive and organized. They added greatly to Rim not only through their dedication to their own class, but also with their on going school spirit.

The class of '85 has brought a new word to Rim: "pride." They put their mark on every aspect of life at Rim; from athletics to academics. What ever it is, the class excelled, like with their great job on their Homecoming Float, and their outstanding Sadie Hawkins Dance, and their many other activities. With a class like the sophomore class here at Rim, we looked forward to many good years.

# Freshmen

What happens on the first day of school when you are a freshman at Rim? Well, you always hear about the great activities, you say "I am going to start going to all the dances, football games, and all the other things you're supposed to do when you are in high school."

You hear rumors about getting trashcanned, you wonder about the halls on the defense, watching for any suspicious senior that might enjoy canning you. You wonder if the whole year will go on in the same manner. Things don't seem so bad when you miss class for the afternoon to attend the freshman picnic. At the picnic you play games, eat lots of good food and are welcomed to Rim in a very special way.

With all this happening you still can't help thinking "only a year and I'll be a sophomore; I'll know my way around the halls, and won't be late for class. I'll even be taller than the freshman." Best of all you realize that the worst is over and there is only three more years left!

# Games People Play

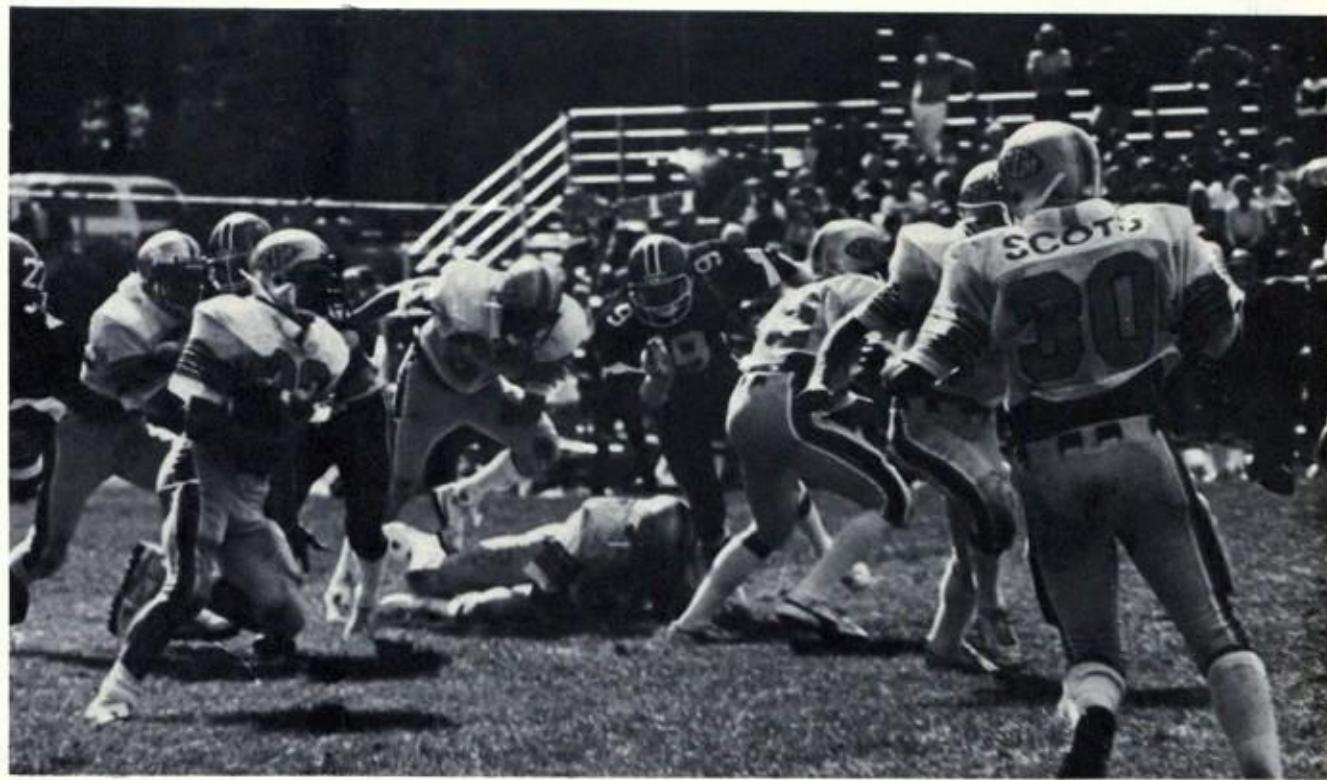

# Starting Over

Going through a rebuilding stage, the Scots posted a 3-7 record with their victories over Apple Valley, Banning, and retaining the "King of the Mountain" title, in the 21-10 victory over Big Bear.

The pride of the league champions of 1981 was upheld by Seniors Jay Gregson, Patrick McDonald, (Team Captains), and Guy Hargreaves. They were commended by receiving First Team All-League Honors.

The Varsity players, composed mainly of juniors, were under the direction of Frank Gradillas, Chuck Webb, David Ochs, Ed Burns, and Bobby Gradillas.

# We've Only Just Begun

In 1982 the J.V. FOOTBALL TEAM had their best season since 1973. The outstanding team effort made their 7-3 record possible.

In pre-season play they had a record of 3-2.

One of their most exciting games was against Aquinas with Rim winning in the last four seconds of the game, with a field goal by Chris Lewis.

Their league play was exceptional coming in second place to Perris. The coaches, Tim Steele, and Dick Martin are looking forward to the years to come. We hope they will work as hard for success in the upcoming years.

# Take it to the Top

Once again, the J.V. Volleyball team performed with excellence and style as they became Co-Champs in the Sunkist League. According to J.V. coach Sue Strain, even though the girls tied for the first place posi-

tion, Rim was "the best in league." In pre-season games, the J.V.'s showed their talent with not one but two victories over Rim's rival, Big Bear. The annual J.V. Tournament held at Chaffey College proved to be another mark in the team's winning streak. As in the years before, Rim played tough and intense volleyball. The competition among the twenty schools was stiff and Rim proudly brought home the Fourth place title.

In the coming years, the J.V.'s will have a tough act to follow, but with the talent and determination the girls displayed this year, they are sure to remain a winning team.

# We Are the Champions . . .

The challenge was there again, to be attempted and gained. "It was done last year; could it be done again?" With the determination and talent of the Varsity volleyball team that question was answered in a positive way. Yes, for the second time in a row they brought home the State Championship, a feat never accomplished before in all of California.

It was an exciting season not only for the team but for the entire school. The support from parents, community, teachers, and students was tremendous.

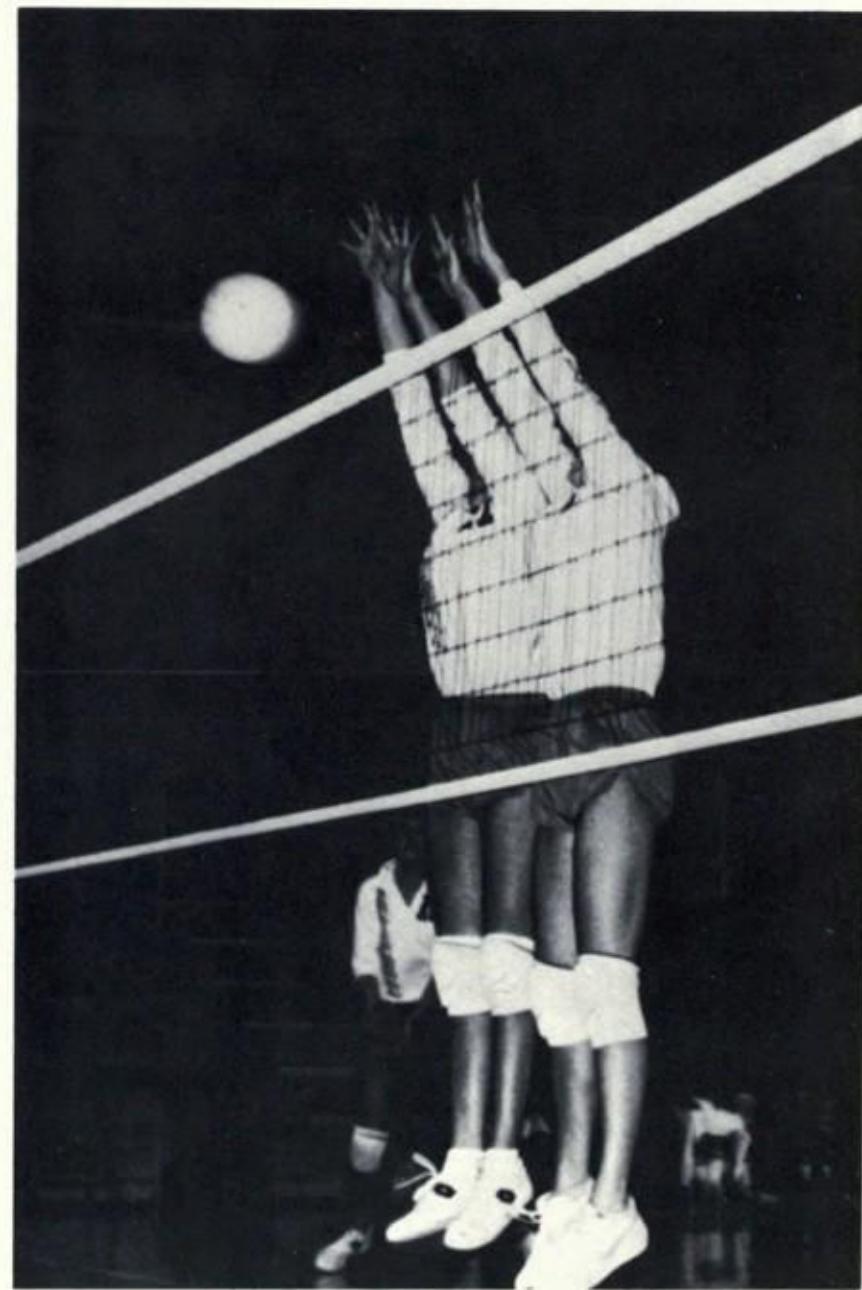

The team walked away with a 21-0 record which included four challenging games with 4-A schools Irvine, Corona Del Mar, Laguna, and Westminster. They placed second in two tournaments and first in another.

The team consisted of some very talented players coupled with great coaching by Bill Dickson and Jill Whitney. The entire first string which consisted of Captain Genne Terry, Dorothy Hert, Elizabeth Hert,

Gigi Evans, Patti Goodwin and Wendy Rush all were chosen for All-League players and Barbara Duckworth received an Honorable Mention. In addition, Genne Terry, Dorothy Hert, Elizabeth Hert, and Wendy Rush were chosen for the CIF 1st team and Gigi Evans, CIF 2nd team. Patti Goodwin was named Most Valuable Player because of her great consistency, talent, dedication, and determination. Deena Anderson was named Most Inspirational Player and Barbara Duckworth was named Most Improved. Katie McGovern also added her skill and determination to the team's efforts.

The season proved to be more than victorious and was a great experience for all those involved. Next year the question can be raised, "It was done last year and the year before, can it be done once again?"

# The Stroke

The Girls Varsity Tennis team smashed the Sunkist League with their talent. Outstanding in league, as their undefeated record shows, The Scots were feared by many and challenged by few.

The team consisted mainly of seniors. Led by captain Patti Edwards and co-captain Kris Freeman, the team could not lose. With many inspirational as well as talented players on the team, they created a force that could not be stopped.

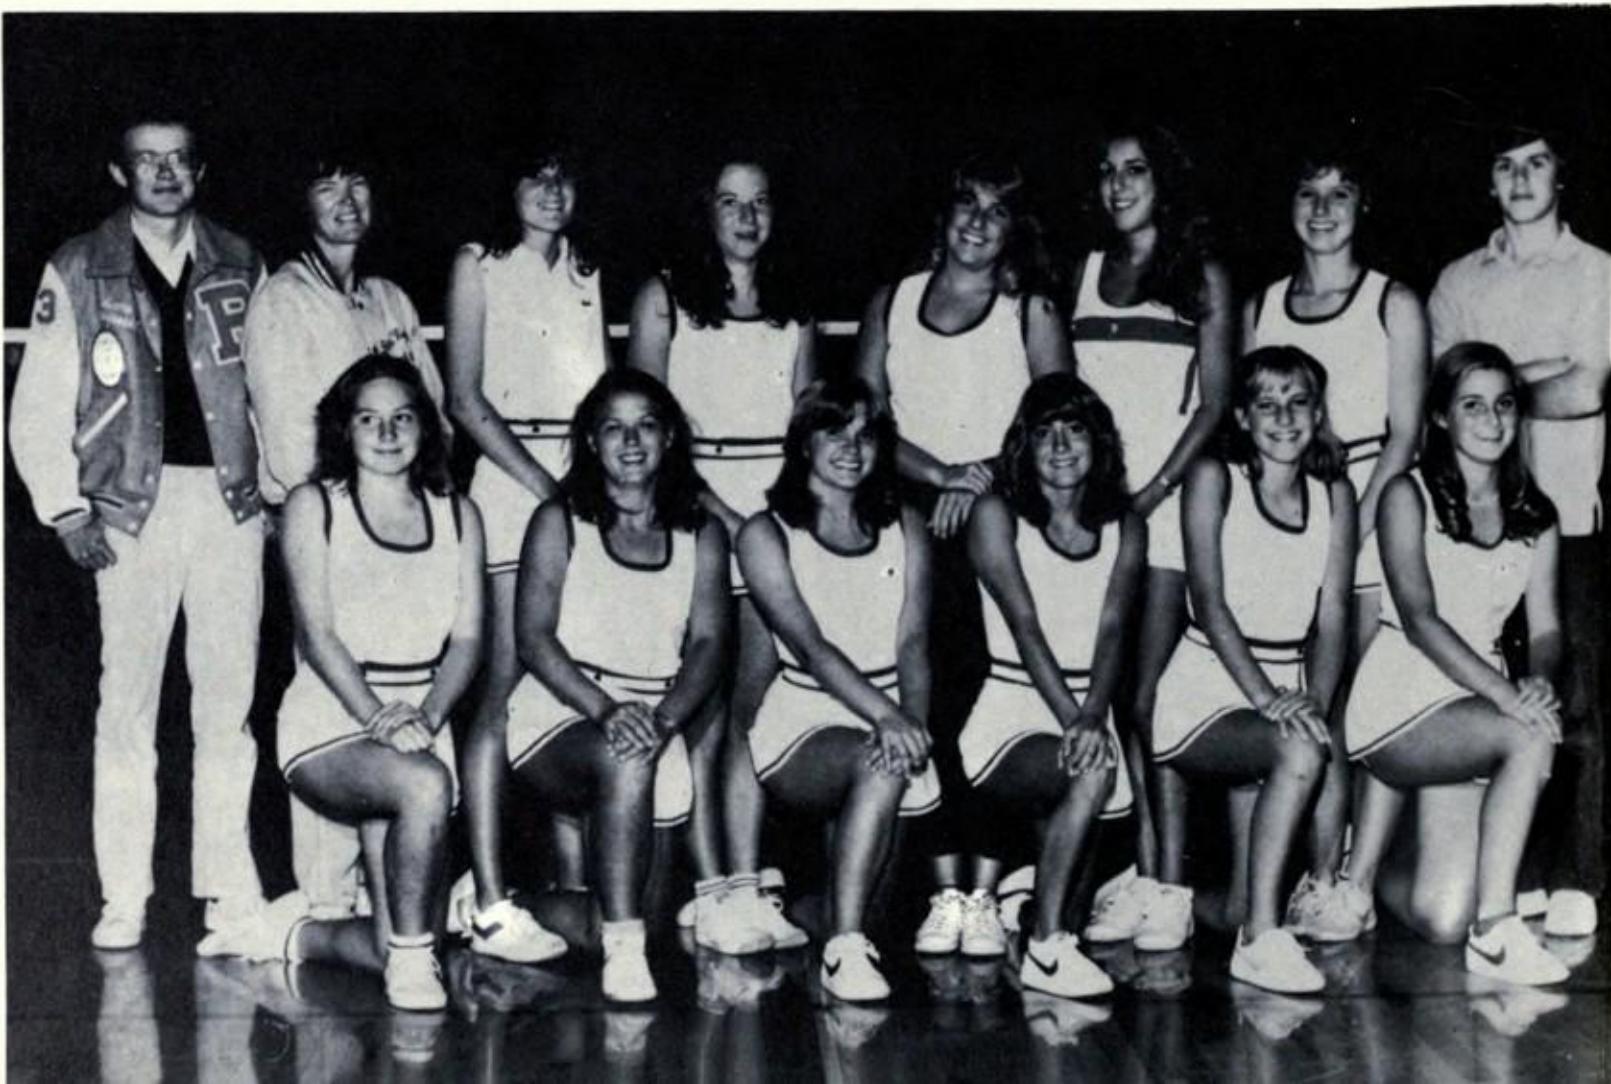

The singles proved strong and ready to face the challenges of this season's tough competition. They consisted of #1 Julie Brownell, #2 Kris Freeman, and #3 Cindy Kramer. The doubles drew together to become a force of six girls that could not be beat. #1 during league was Robin Rosedale and Anna Silvey, #1 in C.I.F. and Individuals, Patti Edwards and Courtney Exline (they also went through league not losing a single set . . . impressive . . .) and #3 Kathryn David and Shannon Walsh.

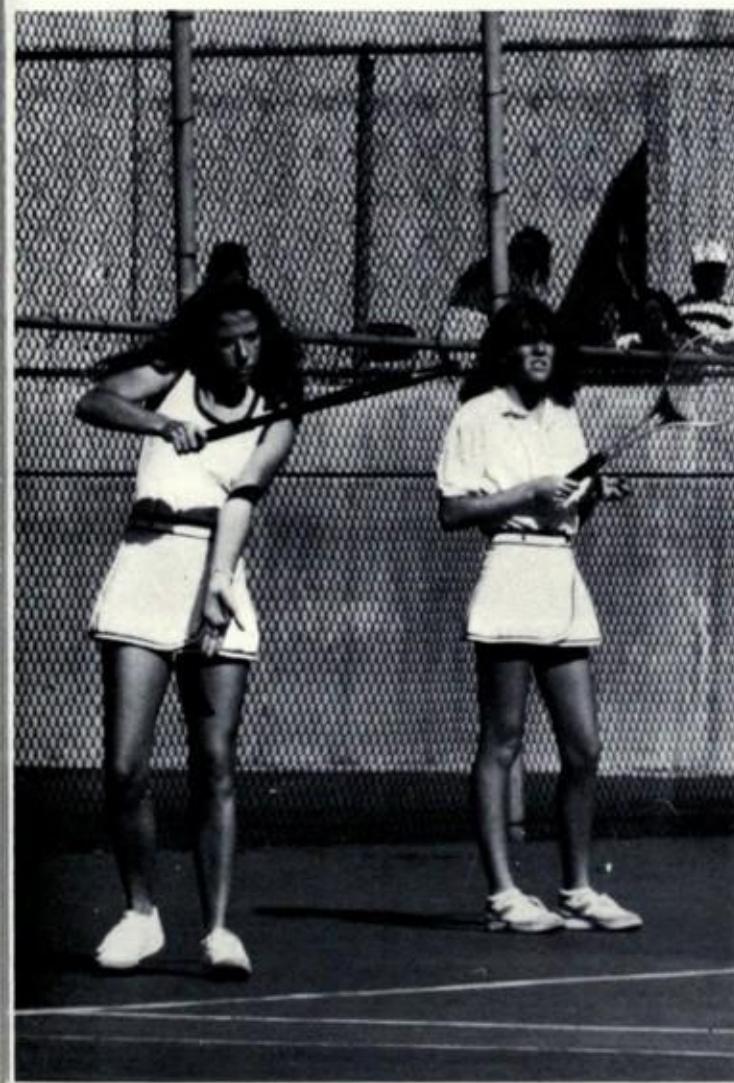

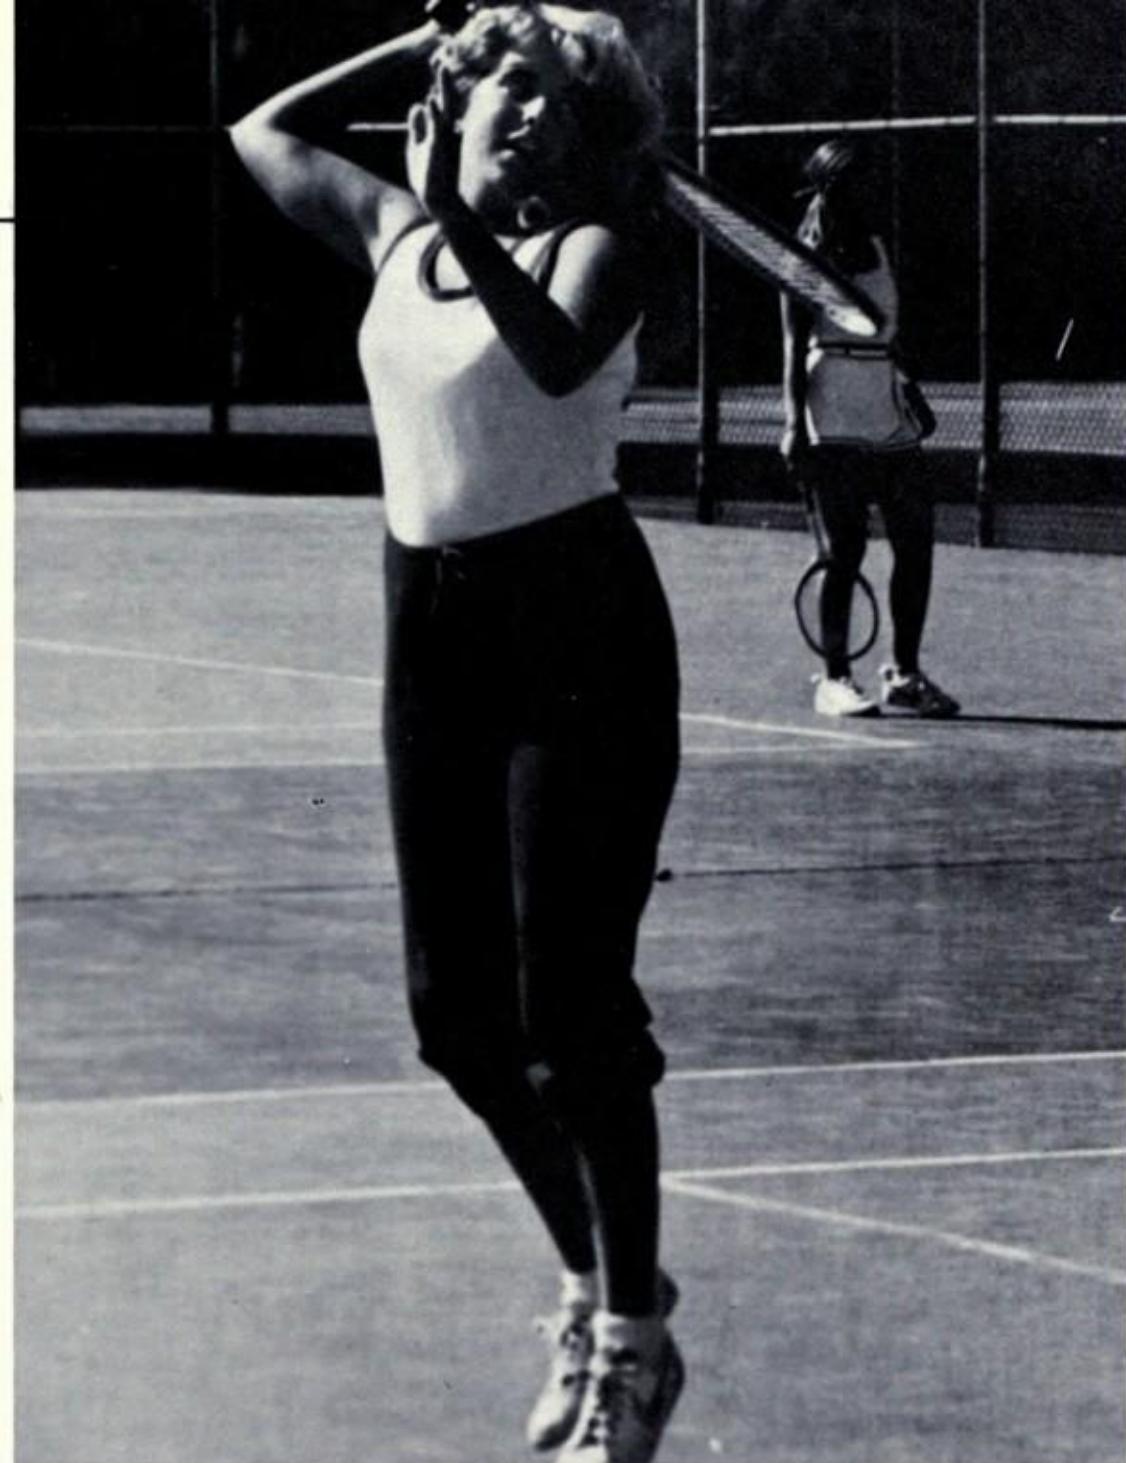

Receiving the coach's award was Amy McCurdy. Livening up our grueling (nt) practices with their jokes of F.R. D.P. C.F. and B.C. was the doubles team of Nancy Bodor and Allison Lerner.

With such talent remaining as Courtney Exline, Cindy Gramer, Allison Lerner and Nancy Bodor (little sister to the ever famous Jim) it looks as if was Sunkist League can be prepared to be blown to pieces by the Rim Scots next year.

There are very few of us that have not gone through the "J.V. Process." The process of learning patience, dedication, and how much a smile can really mean to others.

J.V. teams are the back bone to all Varsity teams. You learn from the Varsity players mistakes; you learn patience. Hours, days, and months of work-outs that are just as strenuous as the Varsity team. You do all they do, and sometimes more, but in the end, you seem to come up short. "How come I am not receiving the medals, praises, and glory?" is a question asked too often by J.V. players. Not often enough are they shown the gratitude they deserve for making us smile when we just lost 0-6, or going to 29 Palms just to melt on the sidelines and give some support, and for taking their life in their hands at Banning and Elsinore. Not often enough do we give them that much deserved smile, pat on the back, or word of encouragement. It takes a strong person to survive the much dreaded "J.V. Process."

To this year's J.V. tennis team, we say thank you for all the pats on the back, words of encouragement, and friendly smiles. The Varsity team could not have done it without you. To you, we give all the pats on the back, words of encouragement, and friendly smiles that you will need in your matches to come!

# The Long Run

The J.V. cross-country team of 82-83 proved that they were more than ready for the challenge of grueling practices. Being a J.V. team member is tough enough without the hours of running, shin splints, etc. that go along with being a cross country runner.

The were faced with a severe challenge, but never cowered from it. The Yucaipa Invitational was the pay-off for all of their long strenuous hours of work. Taking first in the Yucaipa Invitational gave them all the confidence that was needed. They soon went on to have an outstanding season.

Coach Paul Moore feels very privileged to have such a talented group of runners and looks forward to working with them in seasons to come.

# Long Distance Voyager

Once again, cross country had a very successful season. The Boys placed second in the Sunkist League and for the eleventh year in a row, and went on to C.I.F. competition. The girls went to C.I.F. preliminaries and did very well.

An honor was given to four members of the team. Tim Hubbs, Greg DiCarlo, Becky Boone, and Lindsey Collins were chosen to go to Taiwan along with 41 other American students. They went to represent the United States in a race against top Chinese Students.

Koen Deboever, an A.F.S. student from Belgium, will be fondly remembered by the team.

The Varsity Basketball team showed us that being champions does not necessarily mean never losing. The way the team united in both spirit and in the game proved they are champions!

Leading the team with their "Slam Dunking" were Rob VonKaenel, John Lubisch, and Mike Rosedale. Gary Estrella and Danny Underwood helped end preseason play with a 8-3 record. The Scots discovered that league would be tougher but their spirits never died.

The departing seniors will be missed, but the returning varsity lettermen will surely promise another exciting basketball season.

# Don't Stop Believin'

Breaking in two brand-new coaches is not an easy task. But the boys' J.V. and Frosh teams did not seem to have any trouble. Adapting to their coaches and learning new plays, the Scots once again showed how much spirit they have.

Although the J.V.'s did not have a winning season, the overall improvement of the individual team members was outstanding. Led by Pat Welsh and Donny Underwood, the team should prove to be an asset to the Varsity Scots in coming years.

# Babes in the Woods

When first-year coach, Sue Strain, strolled onto the gym floor, she hardly had anything to work with. Yet she persevered and brought together a bunch of unknowns and made them into a team. The J.V. squad won only a finger's count of ball games, but because of their youth and new-found desire to play and win, like the Varsity, their next couple of years should prove to be positive and victorious.

# Paths of Victory

For the girls of the varsity basketball team, the 1982-83 season marked a rebuilding year. Because of injuries and graduation, there were only three returning members. With seniors Stacy Williams, Stacy Sunny, and junior Melinda Bandick as the nucleus, Coach Dave Lawrence was able to mold a pretty respectable team. A delight for the Scots is French phenomenon Katrine Garcon. She has been able to fill in the void at high post that was vacated by a graduated player.

The rest of the team is comprised from last year's J.V. squad. This fact brings depth to the team, something that Coach Lawrence has been without for the past years. The pleasant surprise for Rim has been senior Geri Peterson. For the last three seasons she has been hidden by play-

ing J.V. ball. Early this season Peterson was pressed into action and her quick scoring has enabled the Scots to win more games than had been expected.

This season may be coined as a bit of a wash-out, but the next few years promise to bring quite a few exciting victories for the Scots.

# Let's Get Physical

With hours of work behind every minute of competition, the Rim Varsity Wrestling Team shows its foes what it can do with some proven veterans and many new faces. Excellent seasons turned in by Derek Anderson, Brad Clauson, Scott Bailey, Doug Wilson, Mark Curry, and returning state finalist Scott Heitz were complimented by the outstanding performances put forth by sophomores Pat Heitz, Frank Hill, Oscar Ortega, Chris Chandler, Mark Cadrin, and returning league champion Mike Wyatt. With this much young talent, the Rim Wrestlers threaten to be a wrestling powerhouse for many years to come.

Hard work and hours in The Tunnel proved to be worth it as the returning league champion Rim Junior Varsity Wrestlers put together another winning season. J.V. standouts like Galen Cathalinat, Ken Phillips, Mark Boyer, John Brewder, Larry Ybarra, and Danny Brule will provide the talent for the outstanding varsity wrestling teams of tomorrow.

# Let the Good Times Roll

The J.V. Soccer Team had a very favorable season. With the help of Coach Karl Ruetzel, the team was successful in winning all of their games, except one, which was a tie. Having people like Danny Evans, Jay Hassman, and Brad Freeman leading the team, the boys have hopes of creating a Varsity Team that Rim students will never forget. Another excellent soccer player that will never be forgotten was Koen DeBouver, an A.F.S. student.

# Built for Speed

In its second year of existence, the Varsity Soccer Team showed great effort and pride, on the field as well as off. Posting a 3-2 record, the Varsity Scots did their best to keep up the tradition of winning teams at Rim.

Being led by seniors Todd Johnson, Dave Rasmussen, Jose Corona, and exchange student Sak Promlek, the team kept their spirits up through rain or shine. Also contributing greatly to the team were Jim Musgrave, Kirk Stowe, and Dave McCaral. A special thanks goes to Coach Harold Eichelt, Karl Ruetzel, and Mr. Jim Musgrave for his support and individual help to the team.

# Snowblind

If you happened to see a group of students out on the football field performing strange dances and gestures, don't be alarmed! It was probably the ski team members doing a "snow dance" encouraging Mother Nature to grace the slopes with her mantel of white gold.

In spite of the diminishing amounts of snow, the 31 member ski team did not give up hope. The team spirit and morale was high and outlook optimistic for a successful season.

At press time, the skiers were practicing at Snow Valley for up-coming races to be held at Goldmine, Big Bear, and then Mammoth. At the annual Intermountain Races at Mammoth, the skiing Scots compete against Bishop, Lone Pine, Mammoth High School, and Levining, among other schools in that area.

The ski team roster includes returning lettermen Jeff Lupear, Tim Hubbs, Kent Buechner, Jeff Thacker, Scott Sessions, Kathleen Hubbs, Cindy Williams, Jenny Williams, Denise Bacon, and Stephanie Morris. Other members of the team include John and Kevin Fay, Dave Harich, Stephen Jayne, Craig Hobart, Jon Roberds, J. P. Barcena, Troy Biehler, Alex

# Back On Track

The Varsity Track Teams did very well. New records were set by Ellen Simmons in the discus competition and she was within inches of setting a new shot put record at press time. Wayne Davis flew in the pole vault as did Becky Valentine in the sprints. With winter withering away, the Varsity Scots showed their power in areas of competition and will surely be contenders for the League Title.

# Hurt So Good

The J.V. Track Team was a great asset to the Rim High Sports Teams. Placing first in the Annual 29 Palms Invitational was a huge achievement for the team and they proved that being young helps in many ways. Leading the team were Tom Finke and Dave Conklin. Other members of the team included Mike Cumberland, Roger Fenger, Keith Rosser, Paul Eide, Chad Kajfasz, Phil Martin, Larry Ybarra, Jeff Dyer, Jim Taylor, Jesse Reynoso, Brennan Colton, Dan Evans, Mark Boyer, Brad Freeman, Pat Williams and Dan Hardt. With these talented young men moving up to Varsity, they will surely take victories with them.

# Take Me Out to the Ball Game

The J.V. Baseball Team once again showed their ability to unite as a team. Through postponed games, due to bad weather, the J.V. Scots weathered a great season. Although the team lost many excellent players to Varsity last year, they still managed to remain the prosperous team they have always been. Under the direction of Bob Gradillas, the J.V. team is sure to enjoy more years of winning seasons.

# Wind Up

1983 was a stunning year for the Varsity Baseball Team. Coached by Chuck Webb, Tim Steele, and Ed Burns, this team went to the top and remained there. The only seniors on the varsity Scots, Jay Gregson, Guy Hargreaves, and Zane Boyster, caused the team to have more spirit and enthusiasm than ever before. These three awesome baseball players will never be forgotten.

The Varsity Team was comprised of mostly juniors. There were, though, two underclassmen on the Varsity roster. Steve Lee, sophomore, and Chris Lewis, freshman, greatly enjoyed the privilege of playing for the Varsity coaches.

The Mighty Rim of the World Varsity Scots had a season to remember. Coach Webb is confident that next year will be the same!

# Bring It On Home

It seems appropriate that the Varsity Softball squad, being such a young team, should be coached by a first year lady. Straight from college comes Sue Strain. Not only does she possess college play experience, but she also coached j.v. volleyball and basketball. Coach Strain brings hustle and vitality to a team that hadn't known that for some time.

Backing the head coach was Karen Drollinger. Karen is a local person who, in previous days, played on semi-pro champion softball teams and also managed to play in the Woman's Basketball League (Professional). Her expertise lies in the pitching department which is a tremendous help to the coach and players.

Making up the team were fourteen girls including six returning varsity members. Leading the pack were All-League seniors Patty Goodwin and Stacy Sunny, while Jill Hayhurst, Barbara Duckworth, Melinda Bandick and Dorothy Hert lend their needed talent to this already heavily talented team. Up from j.v. are the likes of Julie Torgan and sophomore pitching phenon Susan Hall.

Next year the Scots will have ten returners so things will be looking rather well for the next few years.

# Hit Me With Your Best Shot

Like their Varsity counterparts, the J.V. Softball Team is coached by a rookie. At the helm is 1982 graduate Denise Geller. Her knowledge, experience and ability to play the game is a certain help to the J.V. girls.

The assistant coaches are also previous varsity players, Heidi Brier and Margaret Ramussen.

The team is a young one and they have no place to go but up! Taking league for the third year in a row would be quite a feat, but well within their grasp.

# Beginnings

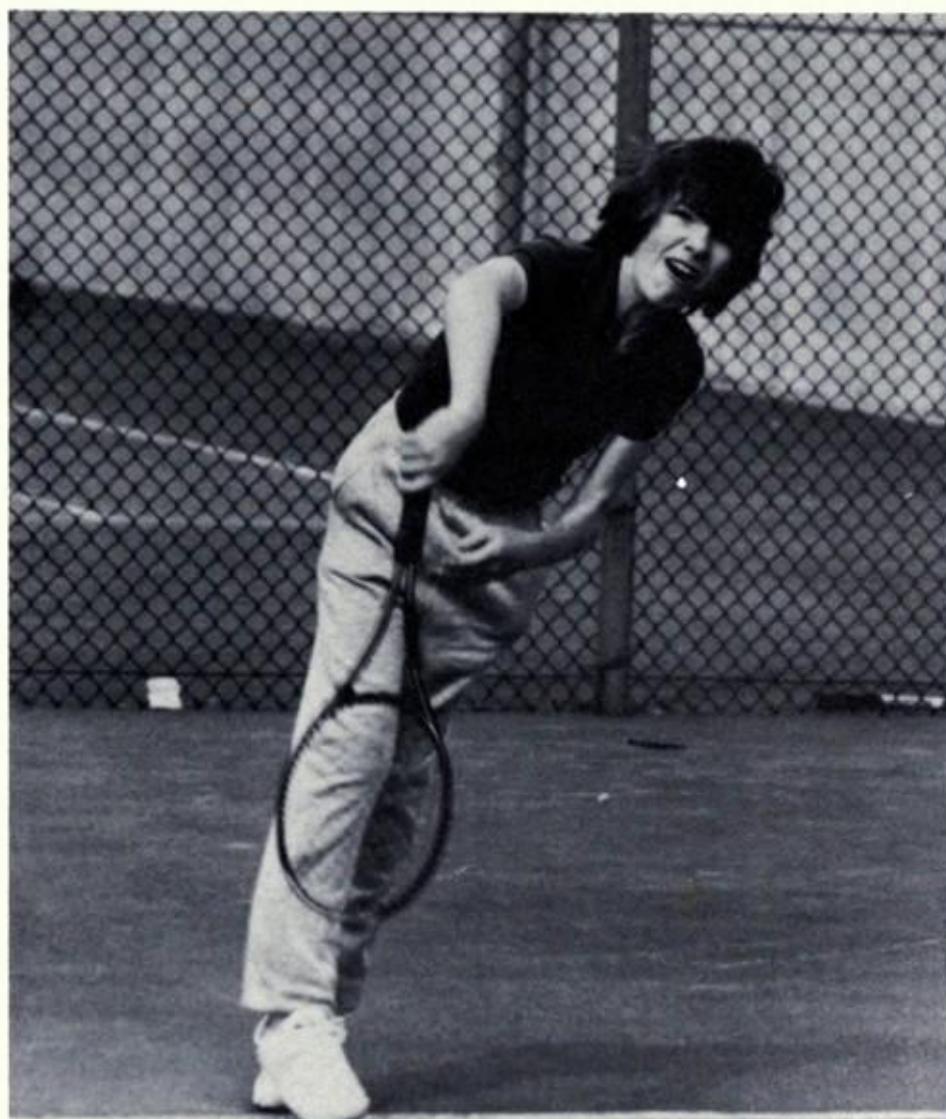

*"Words" can't describe the power Collen Britain possesses.*

The J.V. Boys' Tennis Team was off with a powerful start. Having a new coach, Fred Miller, brought many victories. The hard practices and great devotion to the team paid off and gave a new name to tennis. The great stability, confidence, and sportsmanship has proved that the J.V. Scots promise an excellent season for next years' Varsity Team.

*Ron Stein is "Sailing to Paradise" with this return.*

*Scott Daniels won't "Get Nervous" when he plays tennis.*

# Feeelin' Stronger Every Day

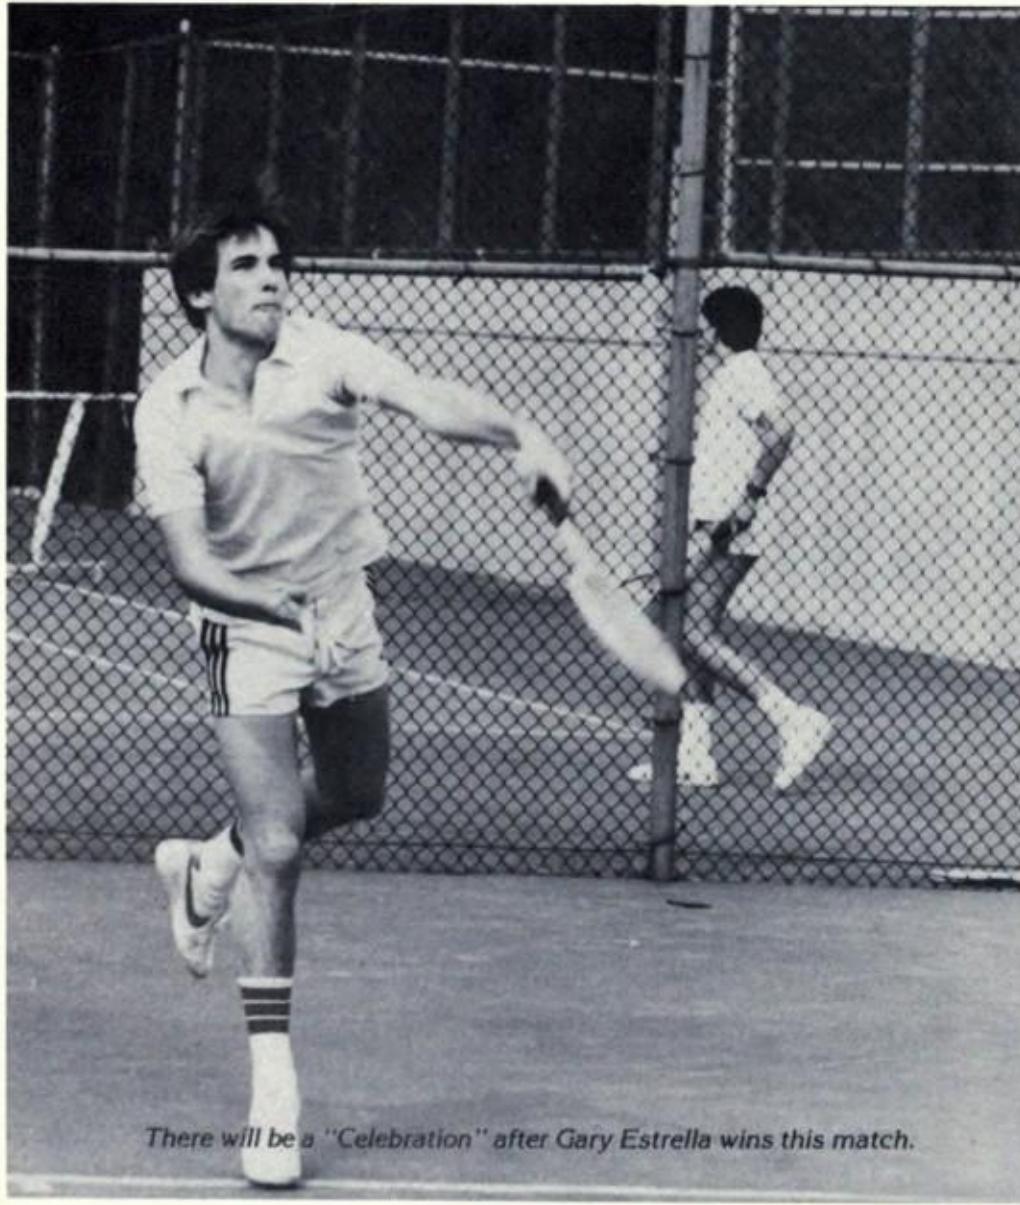

The Varsity Tennis Team was under the remodeling stages. With a new coach and a new varsity team, the Scots considered this a season dedicated to trial and error.

None the less, the Scots fought hard to the end to keep the reputation of an exceptional team.

The team was held together by seniors David Wysocki and Ron Gregg. Their leadership and dedication led the underclassmen and taught them tennis, Rim High style.

The building blocks were put into place this year; next year the team will start the climb up those blocks to the top.

# Things We Said Today

Mr. Matthews has worked in the school district for 27 years and in this time has had quite an influence in the Student Government and school leadership. He has dealt directly with the students and for the most part respects their views and ideas. He has added fine guidance and support to the school leaders and really puts in a lot of time helping them.

"In my opinion the Student Body Government should be constantly concerned with the needs of its constituents. However, student leaders should be aware at all times that the primary concern of any school is the education of the students. With this in mind the Student Body Officers should be involved with both of the above concerns."

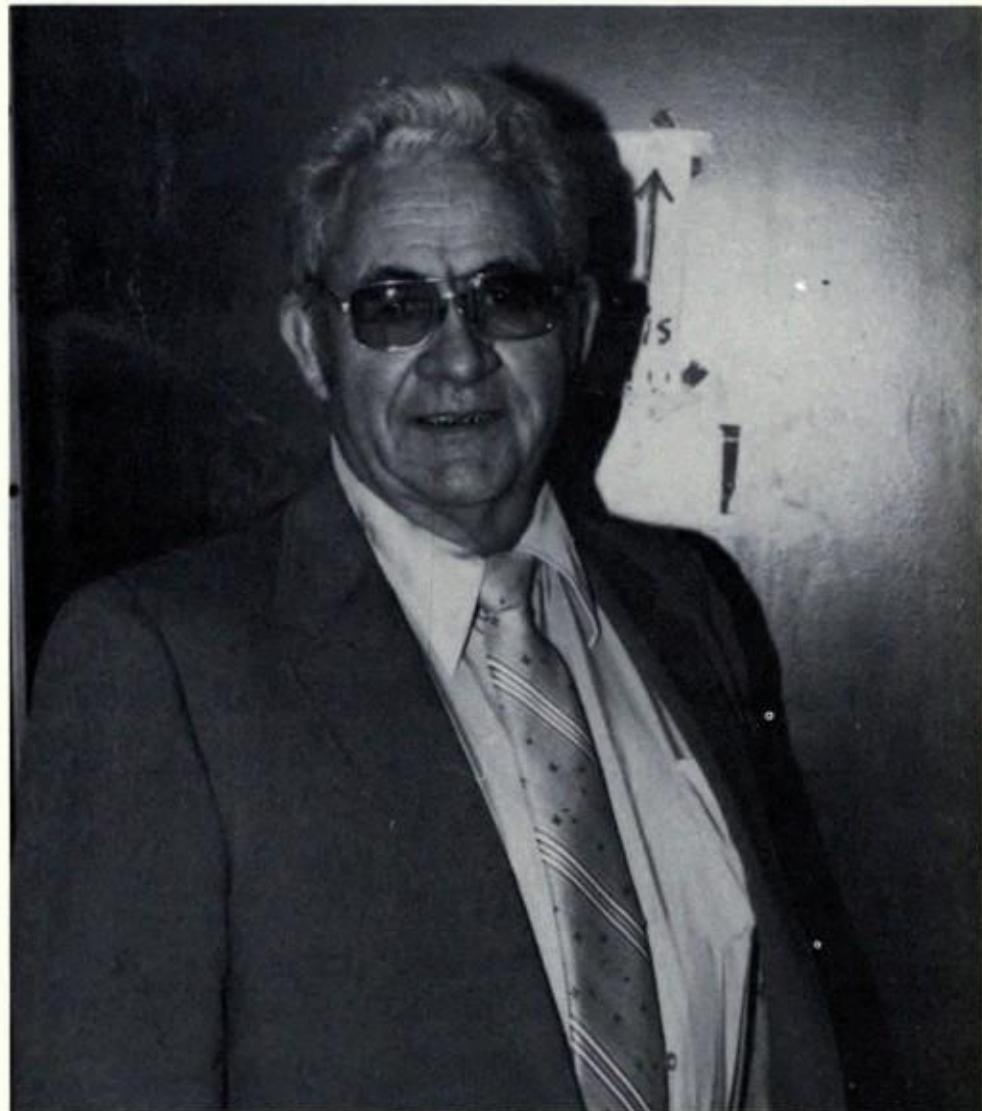

"I feel that the Student Body Leaders have done an admirable job of providing well planned activities for their constituents with a constant concern regarding the needs of the education of the school."

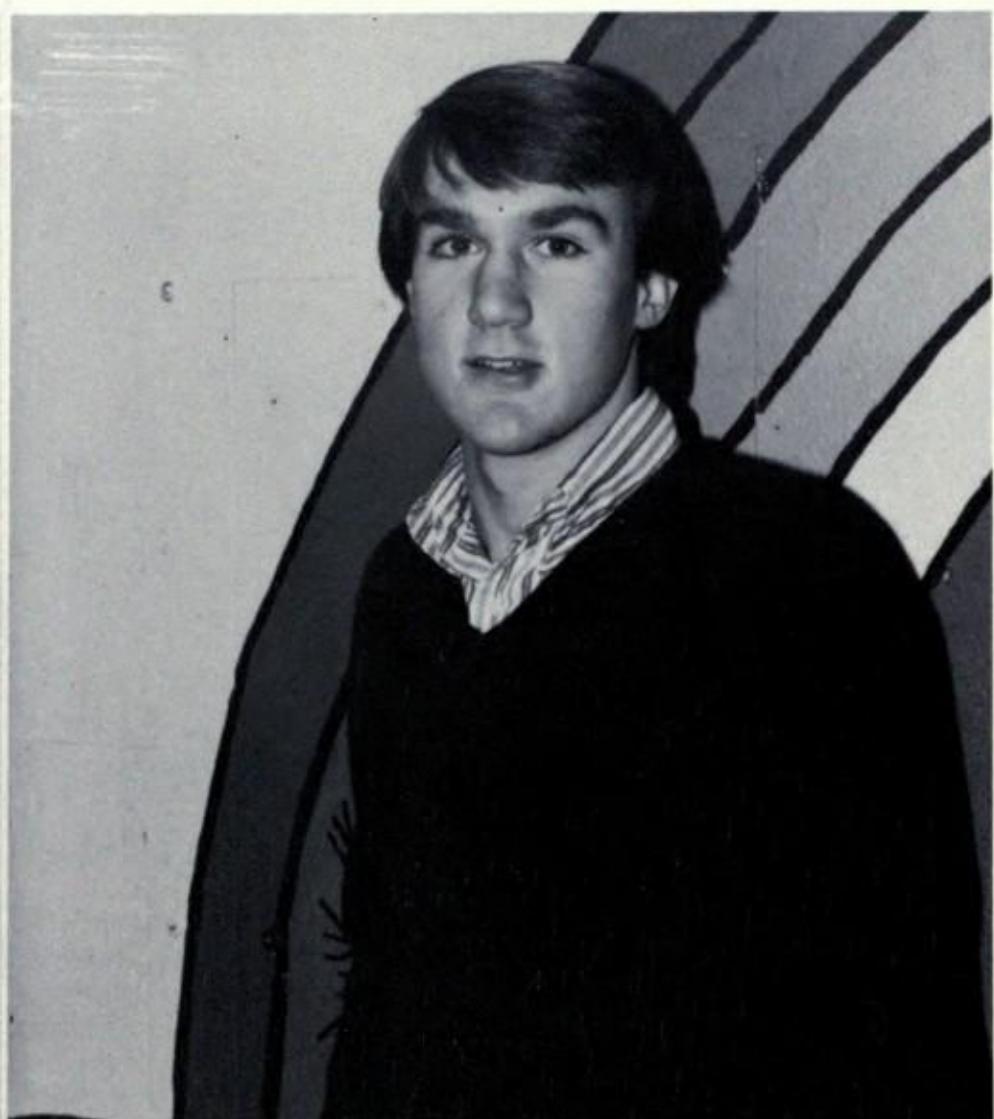

"This year's Associated Student Body Officers and representatives are to be congratulated.

Joseph V. Matthews/Vice Principal.

Mrs. Hardt has been the backbone for the student leaders and their activities. Most would agree that without her, the activities could never have been successfully brought about. She is an extraordinary person who does so much and really gets to know the students. The school leadership and general student body are very fortunate to have such a dynamic, understanding person working with them.

"The associated Student Body of Rim High School have elected representatives to the Congress to control all activities, fund raisers, and expenses incurred by any club or class on campus. The ASB Congress has learned to truly represent all the Rim students in passing a new constitution, which laid a much broader base on which to operate."

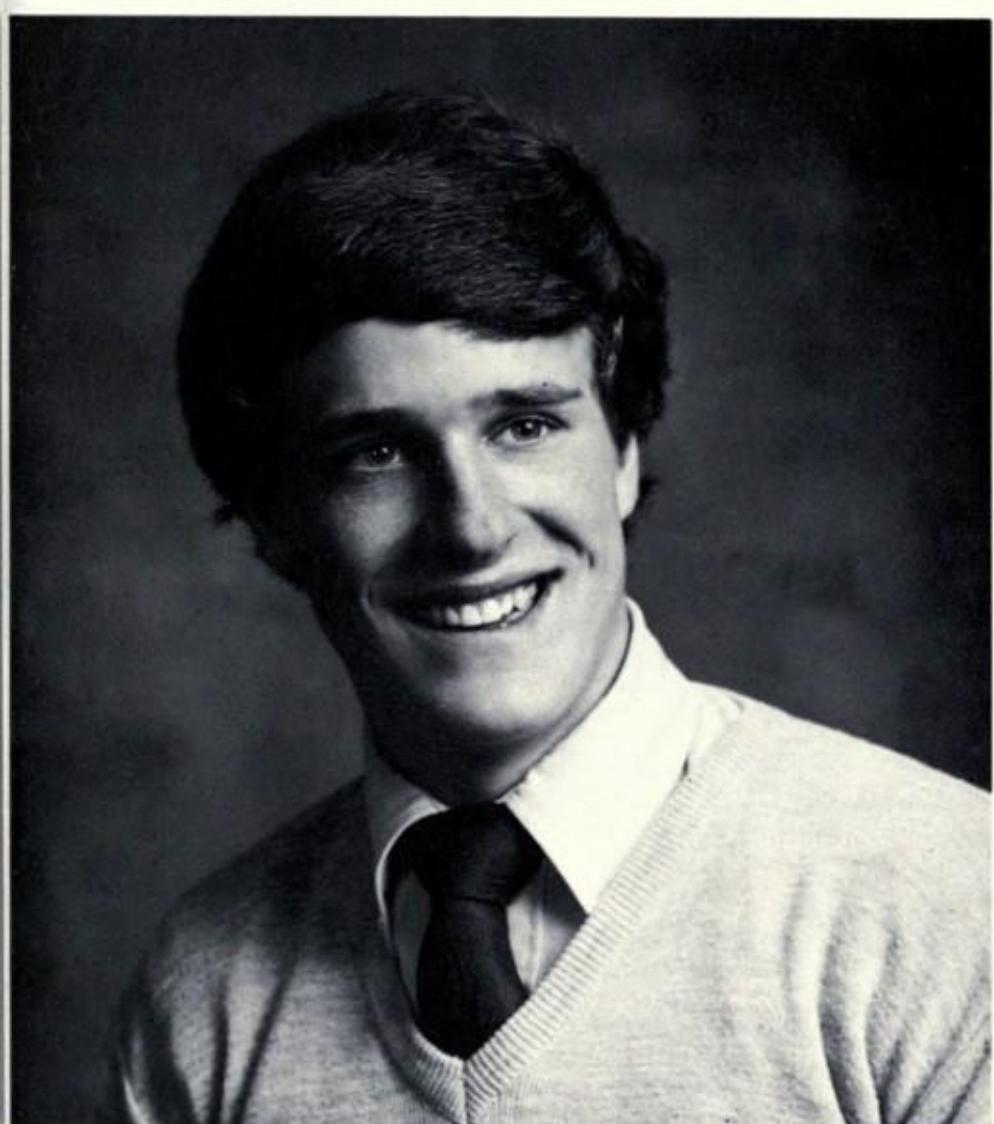

John Lubisich served as the Associated Student Body President. He has proven to be an individual with many talents. It is evident that he places a great importance on academics and also doing well in everything he endeavors. He was a fine leader with many qualities.

"It has been both a great enjoyment and privilege serving as your A.S.B. President. Throughout the course of the year, I have done my utmost to represent the individual concerns and desires of a vast student body striving toward a common goal: success. By working together and learning through each other, we have, in a sense, achieved that aim. I sincerely hope this school year has been as rewarding for all of you as it has been for me. Best of luck in the future."

John Lubisich/ASB President

Buddy Crisp served as the Senior Class President. He has showed an extreme amount of enthusiasm and school spirit, and has been successful in planning school activities throughout the year. He has placed an interest in the people of the school and getting to know them. He is a person of high caliber with great potential.

"Well, our high school years at Rim are gone. It seems as though it was only yesterday we were wandering the halls as curious freshmen. We were all wondering what the next four years had in store for us. I believe the time spent here at Rim was great, but I can't help wondering what is going to happen to the graduating Class of 83. We are now going to take exciting steps in our lives. We are now going out into the real world all of our teachers have told us about. We have the potentials to be anything we want to be, that is the beauty of America. So take full advantage of this opportunity. Who knows maybe we can all see each other again . . ."

Buddy Crisp/Senior Class President

# Foreigner

This program gives students all around the globe the opportunity to live in a foreign country. This experience can show students how other students live and learn. The foreign exchange students at Rim have seemed to get along well and make many new friends. Now is a sad time for these friends because the foreign exchange have all learned and shared with each other an unforgettable experience.

**M**y name is Jannie Jerup. I come from a town called Hals in the northern part of Denmark. I live there with my mom and dad and my little sister. Before I came to the United States, I went to another high school and graduated from the tenth grade. In Denmark you only need to go to school for ten years. Here in school you have the same classes every day at ten minutes to eight. In Denmark we have different classes every day and we meet at different times depending on when our classes start. The school isn't as strict in Denmark as it is here.

Here in the U.S. I live with the Heeres' family in Sky Forest. They are very nice and have done a lot for me. I also have many friends and enjoy going to football games and dances.

My favorite American song is "Another Brick in the Wall" by Pink Floyd.

**M**y name is Brita Lindquist and I am from Sweden. I came on the foreign exchange program to get away from my usual life and tough schooling and to be able to have the fine experience of learning of a new culture. I am living with the Exline's and am really glad I have such a nice family to live with. I really like America because of the many possibilities of things you can do. In Southern California you can go to the beach, the mountains and the desert on the same day. I like going to Rim High School. I especially like being able to choose the classes that I want and am interested in. I also enjoy being in a small school because you have better relationships with the teachers.

Some of my interests are skiing, schooling, sailing, volleyball and going out sailing with my windsurfer. At Rim High School I am taking stats for the girls' basketball team.

**FAVORITE SONG:** "Putting Out the Fire." by David Bowie.

My name is Ann-Kristin Gjelsten. I am from Norway. I wanted to get away from regular life and do something challenging. I came on the YFU program and really like it. I think it is a good way to get to meet people, experience their culture and learn a lot. I thought that when I was coming to California, it would be like summer for a whole year. I was wrong, but the mountains are pretty and I'm glad I am here.

It is difficult to tell what I like best about the U.S. One thing I like especially is Mexican food. When I get back home I will go to a business school which is hard because of all the theoretical lessons.

I am glad that Rim has all these nice classes that I can't take at home. I'm trying to take all the fun classes because when I get home I have two years of hard studying left. I am staying with the Kirkman's. They are very nice people. I love them a lot. I will never forget this year and am grateful for it.

Ha det bra og takk for heg.

My name is Yasuko Okamoto. I am from the country of Japan. I really like the AFS program and learning of other people and their cultures. America's customs are very different from the custom's of Japan. I like Japanese customs, but I also like American custom's and find them very interesting.

I find America is very very big. I really like Rim High School. I think Rim High School is very nice. The teachers, and students, and staff are very much kind. I am living here in America with the family. I like them very much.

In school I am involved in the AFS Club. I am also involved in Rainbow Girls. I have made many friends, like, Pagie, Christy, Alice, Denise, Suzy, Michell, Kale, Chris, Diane, Tony Barbara and all the AFS members.

FAVORITE SONG: "Thebasa o ku da sa i."

My name is Kayoko Maedo. I am from the country of Japan. I am living with the Rutherford family. I like them very much. They have taken me to many different places that are very interesting.

I like many things about America. I think it is very big and very nice. I also like the school here in America. It is very nice. I like many things about Rim High school. I like the teachers. I like the library, the students and so on. It is a very nice school. The activity I am involved in is the AFS club. I like it very much. I have made many friends in the AFS Club. Some of my very nice friends are Kelly Timpone, Brita, Yasuko, Kyle, David, Ann, Rick, Pat, Robin and all the other people in the AFS CLUB and the AFS Program.

FAVORITE SONG: "Taiyono-kiba Daguram"

# A.F.S. Students

My name is Catherine Garcon. I am 18 years old and am from France. I live with the Hert family. I am very lucky to have found such a nice family. I've had a good time with my sisters Dorothy and Liz. They are very good volleyball players.

This was a very good experience for me this year. The students and the teachers are very nice. I have more relationships between friends and teachers than in France. In France we work too much in school. We have more homework there. I love the weather here it changes all the time, and the mountains are beautiful.

I have one brother and two sisters, Didier (23), Nicole (21), and Veronique (20). My Dad owns a Renault car company in Lyon.

FAVORITE SONG: "Jane" by Jefferson Starship

I'm Sak Promlek. I am from Lurin, Thailand. I have two sisters and three brothers. I really like the AFS program and think that it is a great way to send students into other countries to learn and understand other people.

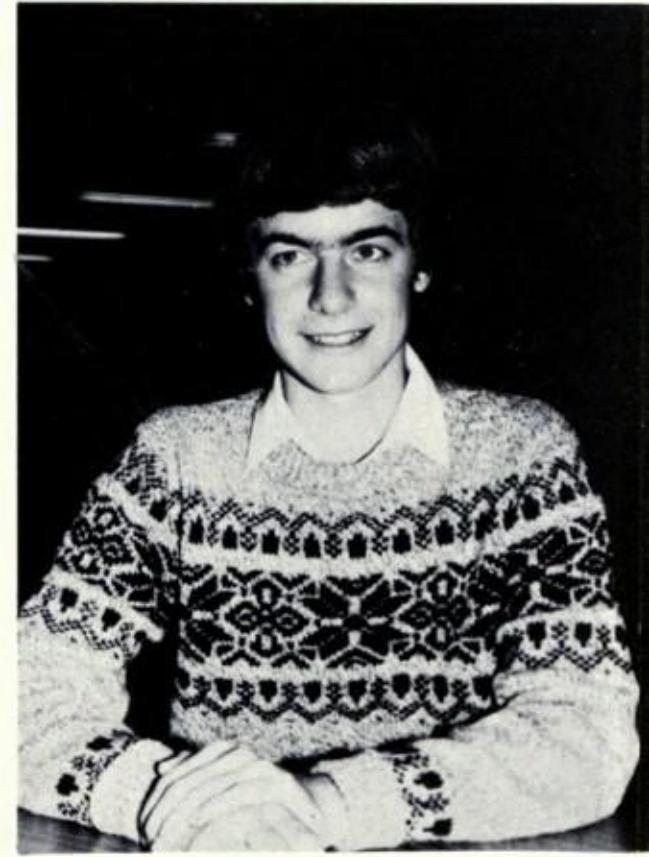

I enjoy being here in America and like to see everyone enjoying being free, and so friendly. American's customs are very different from my country's customs.

I am staying with the Russell family in Lake Arrowhead. I love my family very much. They are so kind to me. I like this school very much even though it is so very different than my school at home.

Here I am very free in school. I can wear the clothes that I want and study as much as I want without being forced by the teachers.

My hobbies are reading, sports and music. I love the friends I have made here. They are very friendly to me.

FAVORITE SONG: "Sealed With a Kiss."

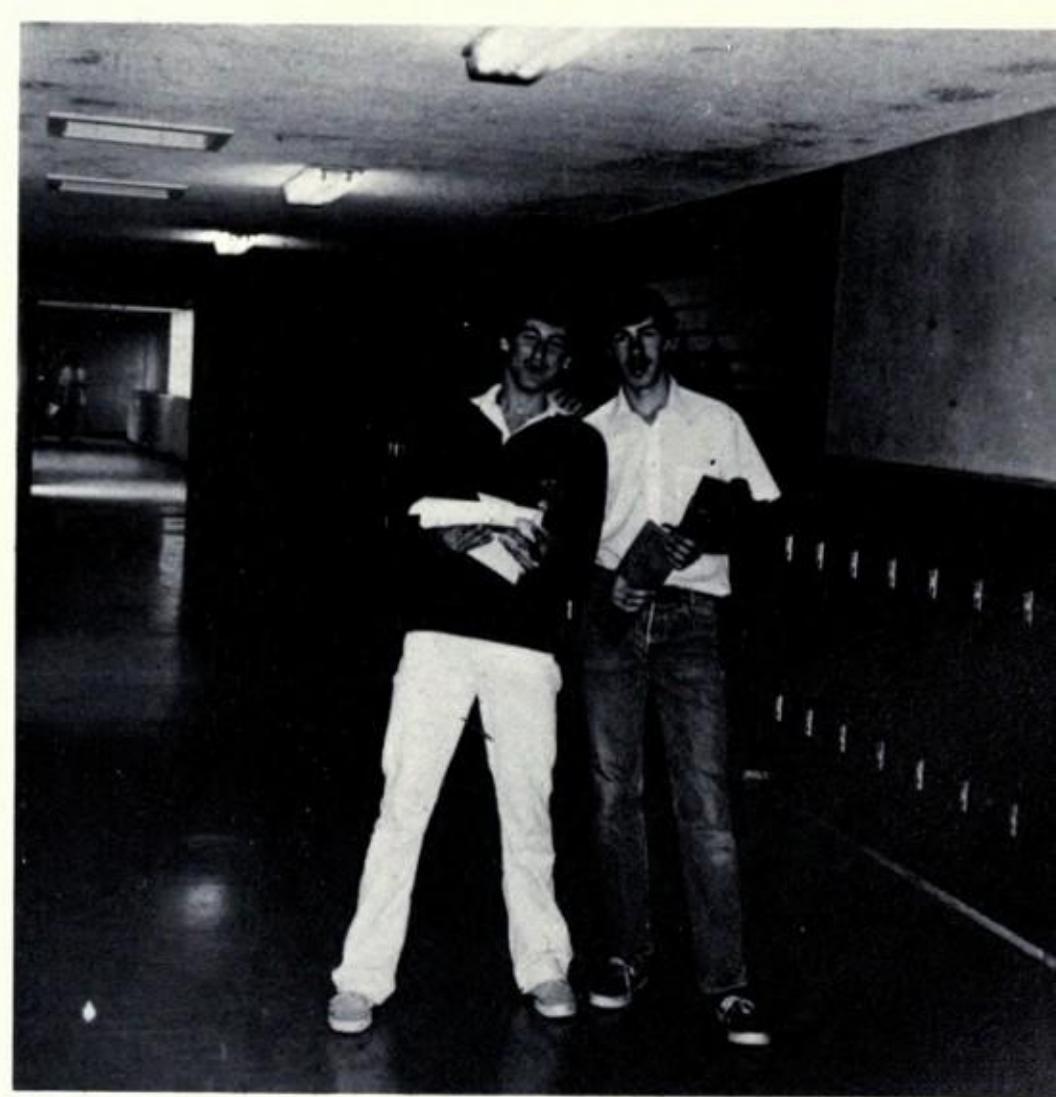

My name is Koen DeBoever, and I am from Belgium. I am living with the Bemis family and like them very much. Having lived in the cold but beautiful mountains, I've been able to see a part of California I never knew existed. Apart from the mountains California has some other beautiful places, like San Diego, Palm Springs and Anaheim. I couldn't have had a better place to stay.

I love California and its people. I really like Rim High School. It has some excellent teachers and a large amount of post-school activities.

It also has been a lucky experience to be in a school for both boys and girls. I have had the chance to be on the cross country team and then I played soccer. I was also involved in the school play "Airplane" and am also in the AFS club. I have made lots of good friends and love them all. Thanks so much for everything.

FAVORITE SONG: Nights in White Satin" by the Moody Blues and "I'll Find My Way Home" by Jon and Vangelis.

... but there never  
seems to be enough  
time to do the things  
you want to do . . .

## Photo Club

The Rim Photo Club is an organization of working photographers. The members take pictures, develop and prints for the school annual, the school newspaper as well as the five community newspapers. Membership is open to any student who has had prior experience in the area of photography from a previous school or from prior years at Rim. H.S.

Most of the work done by the students is in black and white, although by the end of the second semester, the students work with color, developing and printing both slides and pictures from negatives.

During the course of the year all the students must have taken pictures that have been or will be printed in the newspapers or the annual. The subjects are assigned to the students from the many activities of the student body such as sports, assemblies, plays, music concerts, candids of students and faculty and publicity pictures for the school district. Some of the students have been able to continue with their photography on a part-time basis to make money to continue learning more about photography or purchase materials and supplies for themselves.

# Bands of the 80's

As we entered into the year of 1983 we began to hear many new bands playing a wide variety of new music. Bands from Duran Duran to Men at Work slowly pushed the Heavy Metal bands off the pop charts. This year when we turned on the radio we were more likely to hear the Straycats than R.E.O. Speedwagon.

Every month new bands are coming out of England playing music with sounds and rhythm that we have never heard before. Much different sounding music today can be attributed to the mixing of Reggae Funk and Latin Rhythms with every day rock and roll. Bands and musicians that have been in the music industry for years are just now starting to come out with a new sound. The music of "83" is both different and interesting and most of us have decided that we like the new sound that is being produced.

# Guess Who

Many students participated in the fun on "Bizarre Hair Day", Halloween and many other occasions. Looking down the halls, one would of seen a couple of unique styles of dress. Rock-a-Billy's had their own style from their hair down to their feet. Rock-a-Billy was a mixture of Rock and Hillbilly originated in the late fifties with Eddie Cochran, Buddy Holly and Elvis Presley. Bringing back this boppin' sound were groups named The Blasters, The Stray Cats, King Bees and many others.

Another music-orientated fad became popular during the year. MOD's were juvenated by groups like The Who, and newer groups such as Madness. The Who helped renovate these rockers into a new breed. Two tones were first introduced at Rim at the beginning of the year with their trench coats, British flags and respas, MODern MOD groups such as the Specials, Untouchables, and of course, Madness, have helped establish their style as a strong force.

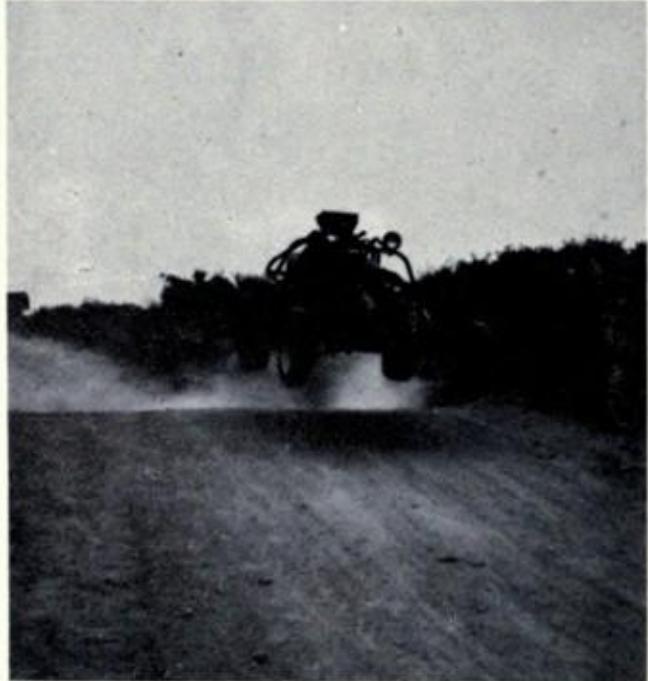

All the fads and styles have kept many of us on our toes looking out for the new trends to appear. Life at Rim will always be unique as long as there are some students willing to go beyond the everyday standard of living.

# People Just Love

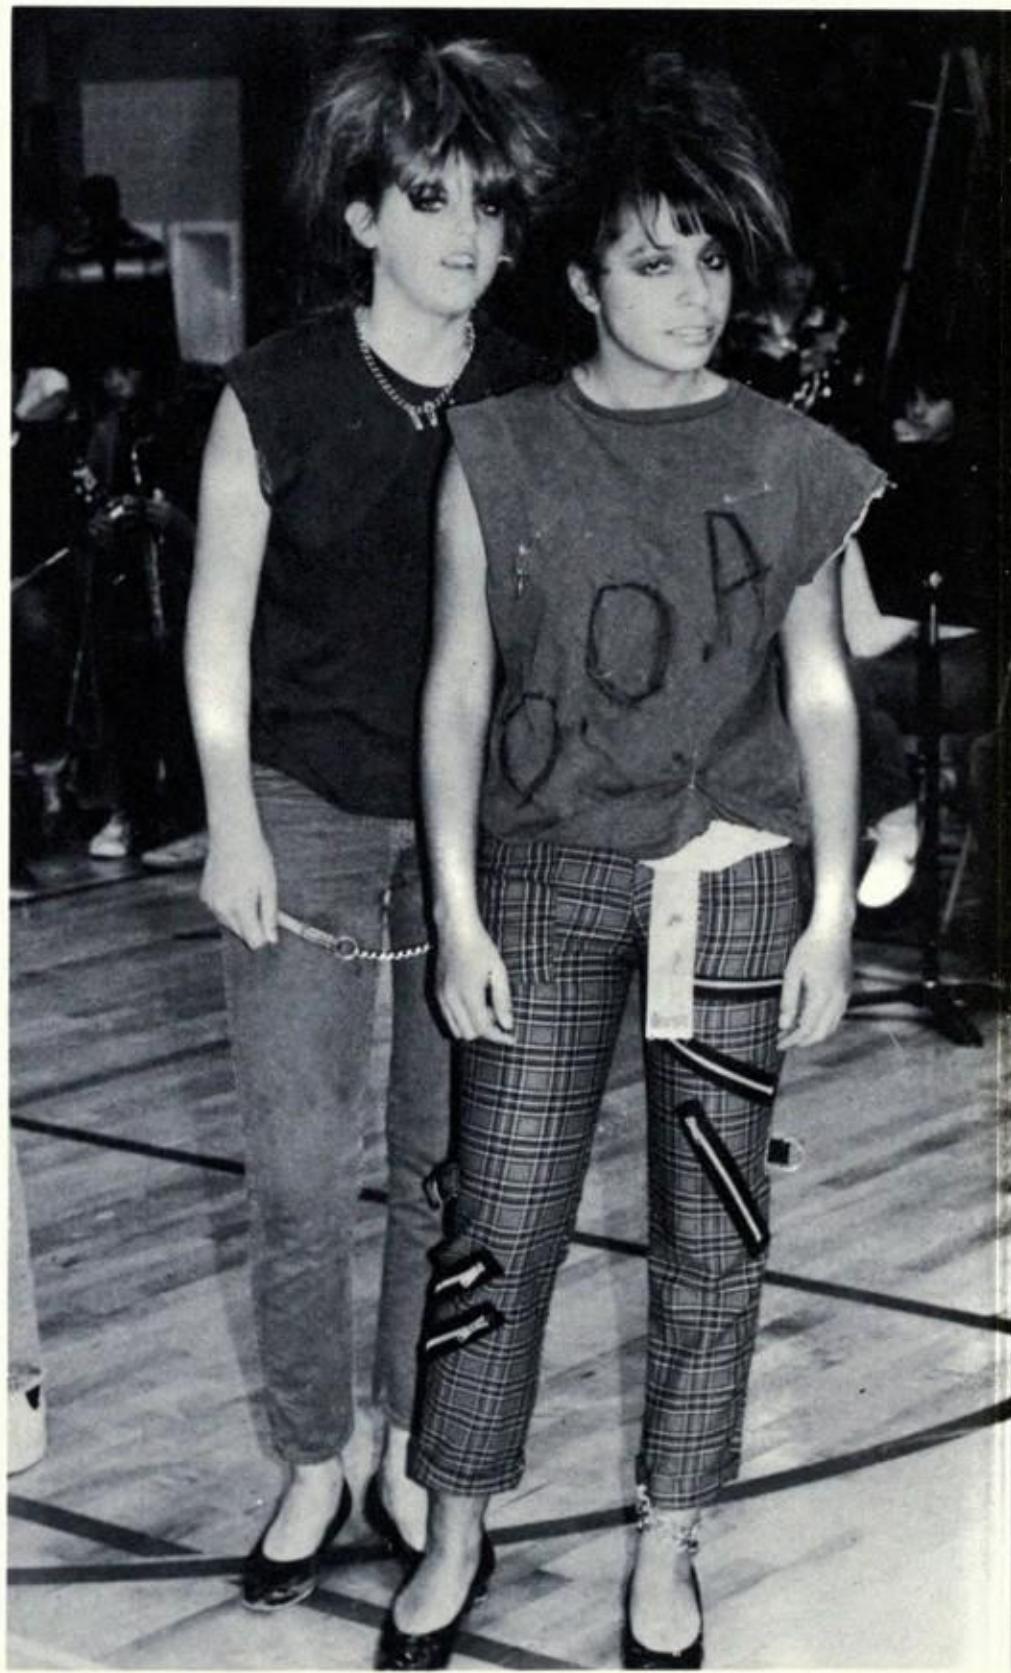

The mountains offer many activities for students to be involved in. We may not have several theaters, dance places, malls, etc., but we have the outdoors. In September, students were enjoying the sun by the lakes in our areas. Colorful sails were seen floating across the waters while skiers sprayed by. Boat races, ski races, and sailboat races were fun for students to participate in or just to watch the excitement. A good sport for all seasons, warm or cold, is off-roading. Thrill seeking students like to get away from it all and get crazy in the dirt. A.T.C.'s, motorcycles, four-wheelers, dune buggies, and odysys were seen all over the dirt roads at any time of the year. Many of Rim High's students learn and become involved in outdoor activities here, then they like to go and experience in other areas. Of course, students enjoy many other activities that we haven't mentioned, but these are ones we can truly take advantage of because we live in the midst of it all.

# to Play . . .

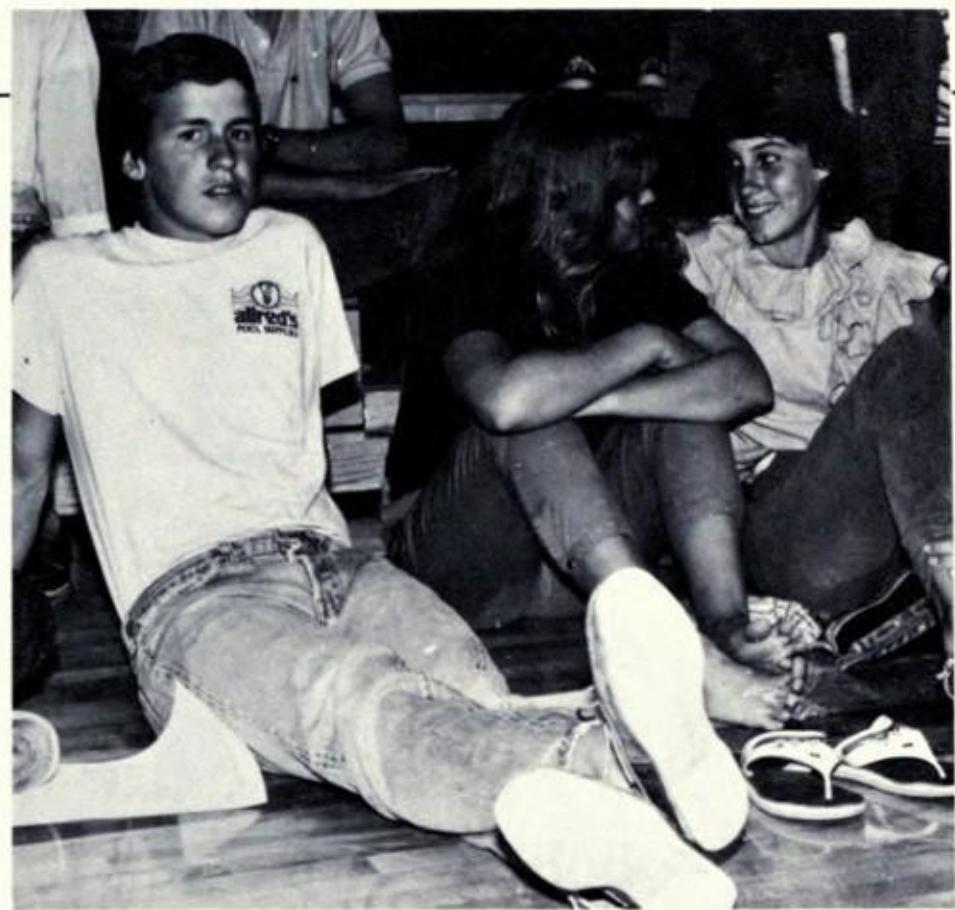

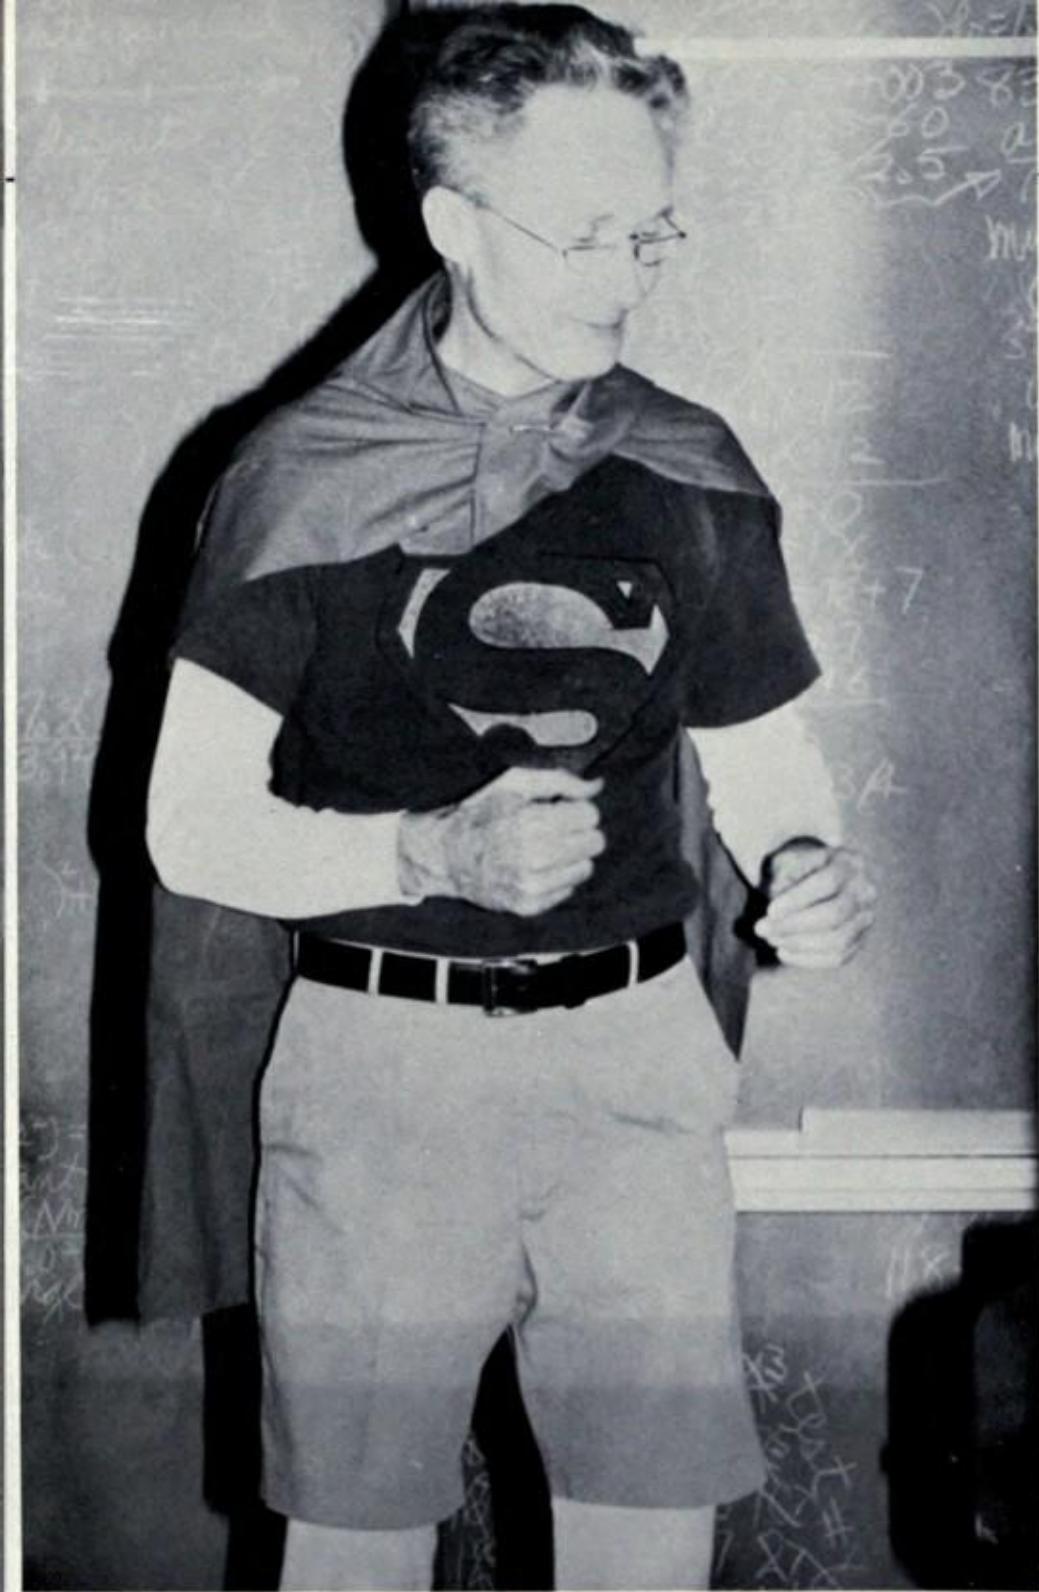

As the school days grew colder, snow skiers hoped for snow. Our first big storm was in November, and students waxed their skis and drove up to our local ski resorts. Many students returned to school with "raccoon-eyes" and nobody believed that they were sick! The students could not resist the fresh fallen snow and took advantage of its rarity. Some students had to shovel out their cars before they went anywhere, but devoted snow skiers made it to the slopes at any cost. From the beginners to the advanced, they all fun on the snow this year.

# Clubs / Linebackers

The Linebackers are a group that was formed to help support the Varsity Football team. They promoted school spirit by selling spirit ribbons, football programs, scarves, and hats to both students and fans. The "coaches" for the Linebackers were Coach Gradillas and Coach Webb.

*Linebackers include: Jennifer Moore, Luarie Schroeder, Kim Fisher, Tina Ibbs, Katie McGovern, Kerri Clubb, Carla Straub.*

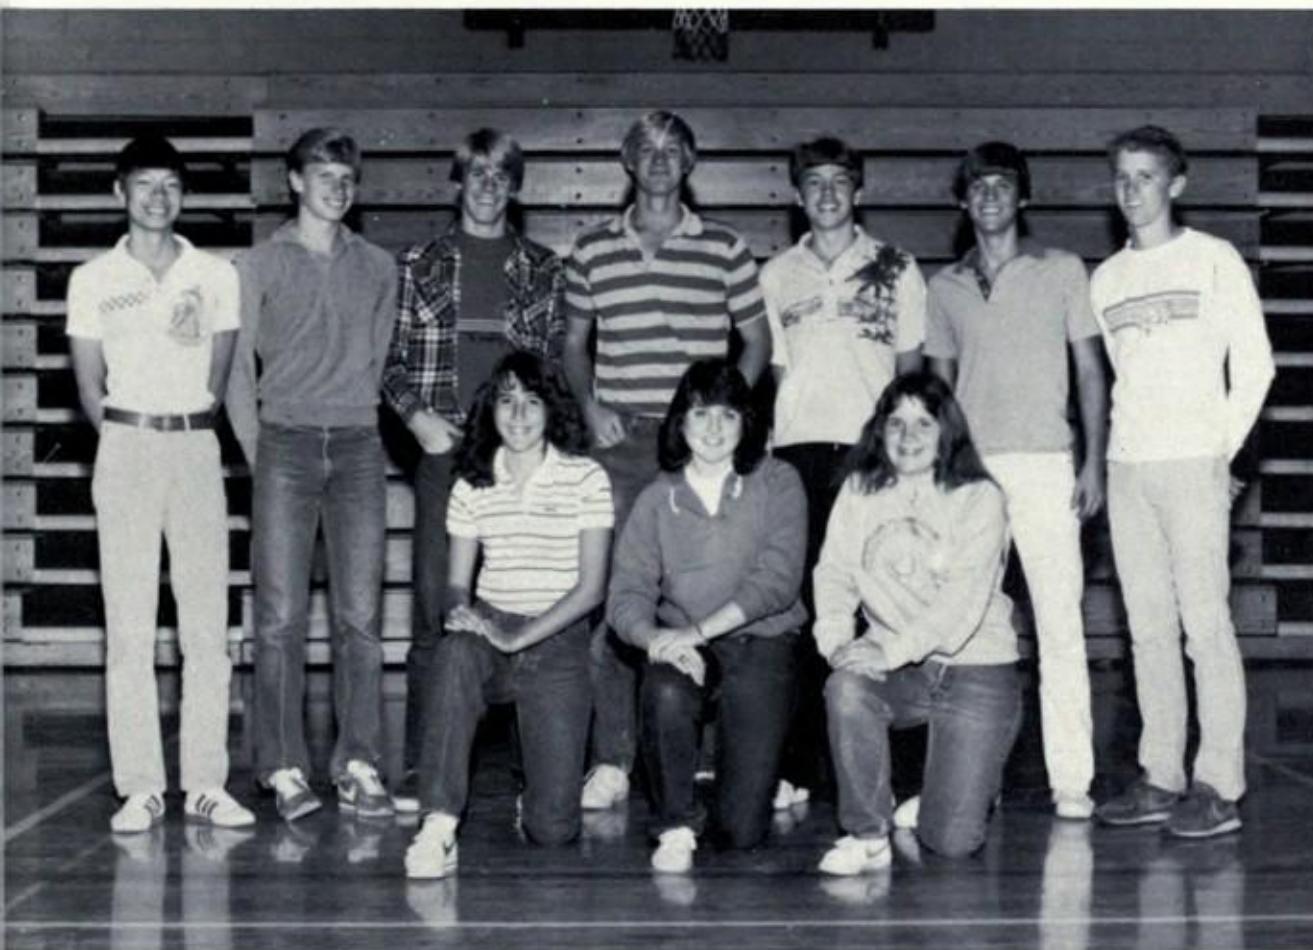

# U.S.A./Slammers

U.S.A. . . . United Seniors Association. Need we say more? The most upstanding club on campus was founded by The Class of '83. It was a club that consisted mainly, solely and only of Seniors. Spirit was held high, thanks to this club and it's members who strived, worked, sweated, and worried their way through four years of Rim High. They deserved the best and this club was here to make sure they got it!

*Members include: SENIORS!!!*

The Rim Slammers, an all-American basketball club, sponsored the alumni basketball game which was a great success. Selling ribbons to raise money, the club was able to buy the varsity boys' team special awards. The slammers promoted school spirit at the basketball games and provided drinks for the team after the games. Mr. Miller, the sponsor, deserved a pat on the back for all he contributed to the club and his team. Basketball, Basketball!!!!

*Slammers included: Peter Yang, Joel Nelson, Dan Underwood, Mike Rosedale, J. D. Hutton, John Eck, Steve McCreery, Keri Kimes, Chris Eberhart, Jenny Aman.*

# Flying Buffalo/S. Club

In the beginning there was Chaos, but then arose Rim's most active club, the Flying Buffalo. Under its first Pharoah Kurmly Lu Wopa and the wisdom of the glorious high priest Hamlikar Barka. Then there evolved the proverbial spirit of the buffalo, which is still alive today under his most supreme, glorious, omnipotent, majesty, the seventh Pharoah of the Flying Buffalo Sobek Khufu and his faithful scribe Ralion Korian. Under Sobek Khufu's reign there continued the tradition of the BK, 221 Baker St. and Patrol, along with other new games.

*Members include: Greg DiCarlo (Pharoah), David Baxter, David Aitken, Pat Heitz, David Gauthier, Jim Bas, Rob Rush (Scribe), Chris Beekman, Chris Farrell, Bill Ebaugh, Greg Goebel, Kirk Stowe, Pat Nowak.*

"S" Club was the Service Club on campus. Students who were civic-minded and cared about the school and community were part of this club!

Projects included donating a Thanksgiving dinner to a needy family, a canned food drive for the needy, showing new students to classes, making posters for the school, community activities, campus cleanup, serving as ushers/usherettes at Civic Light Opera, school activities, plus many more.

The students in this club were the people who really cared and proved it!.

# J.S.A. / Sperla

The J.S.A. was a state wide organization of high school students that were interested in politics and government.

The J.S.A. attended many conferences, as well as a two day and a four day overnight in Sacramento.

The Rim J.S.A. sponsored the Turkey Trot, Turkey Grams and the Welcome Back Dance to help pay for their expenses.

*J.S.A. members include: Wayne Davis, Curt Smith, Mr. Crowley, Ron Gregg, Melinda Bandick, Jill Hayhurst, Buddy Crisp, Shannon Walsh, Mike Scoriell, Debbie Nunn, Gary Glouner, Dan McGovern, Jay Hasman, Rollin Ruggles, Deena Anderson, Amy McCurdy, Mia Lawrence, Anna Silvey, Todd Velie, Charlene Jimenez.*

S.P.E.R.L.A., sponsored by Paul Moore, is the Society for the Preservation and Encouragement of Running for Life in America. S.P.E.R.L.A. held the annual blood drive. The blood was donated by students and community members as well, to help anyone in the community who was in need.

S.P.E.R.L.A. participated in many activities such as dances, fund raisers, community marathons, and promoting good health and school spirit.

*S.P.E.R.L.A. members include: Stacy Williams, Mechelle Herrera, Karen Porter, Rip Stephens, Paul Moore, Danny Evans, Lori Dohrn, Pat Nowak, Linda Dohrn, Brad Freeman.*

# Leadership/C.L.A.N.

Terrorizing Mrs. Hardt, satisfying every student's hunger pains by filling the Tom's machine, the numerous "poster sessions" in which we all drew together and displayed our artistic (nt) ability and witty humor so the rest of the school would know what was happening. All the little things that everyone overlooked were accomplished by leadership.

"Uncle Joe" Matthews kept us in line, and filled our time with numerous war stories and good 'ol times. We had little to show for our good times, but the memories were inmeasurable.

Inventory was screwy, thanks to the Leadership Class of 82-83. An almost accomplished fish sale was the big event.

The biggest accomplishment in leadership was the making of friends. We all learned to give and take (especially food, drink, sweat-shirts . . .) and to be a friend!

*Leadership members include: Jay Hassman, Lori Reiger, Kristin Krause, Guy Hargreaves, Shanna Watson, Kim Hess, Sonja Zamaitat, Cherry Parker, Jay Gregson, Nancy Montes, Tim Clark, Bill Johnson, Elaine Schurter, Shay Jensen, Dave Harich, Tina Ibbs, Sharee Foley, Jenny Aman, Derik Anderson, Judy Miller, Patti Edwards, Uncle Joe, Lisa Helsper, Teresa Coleman, Buddy Crisp.*

Within the hearts of the young are unwritten stories and unsung songs, their minds can paint vivid pictures of adventure and excitement. C.L.A.N. tried to provide an outlet for the writers and artist at Rim. It encouraged the students to use their talents to the benefit of the entire student body.

*C.L.A.N. members include: Rollin Ruggles, Todd Velie, Mike Scorziell, Jill Hayhurst, Melinda Bandick, Robyn Eygnor, Elaine Schurte.*

# V.I.C.A./A.F.S.

V.I.C.A. stands for the Vocational Industrial Clubs of America, a nation wide club that teaches leadership skills along with vocational skills.

The club competed in regional competitions on March 26 in Long Beach, and in a three day state competition in Sacramento on April 22, 23, 24.

The club officers were Dave Rasmussen President, Teri Wilson vice President, Becky Boone secretary, and Lisa Vanni treasurer, reporter Denise Adrian, and parliamentarian Loreen Nelson. The advisors were Torri Haney, and George Stehmeier. The club was open to anybody participating in any of the vocational classes offered on campus.

*V.I.C.A. members include: Mike Rosedale, Mike Scorzelli, Joe Aguirre, Mike Dawe, Patti Edwards, Todd Velie, Scott Bailey, Margaret Harris, Robin Ocepek.*

The American Field Service (A.F.S.), under the direction of sponsors Lee and Ann Vandenburg, Jim and Robin Minor and officers Debbie Nunn President, Carter Bemis vice president, Colleen Miranda secretary and Scott Rosenow treasurer, the club had a fantastic year.

The 1982 Homecoming float "A Dream Come True" was a great success and encouraged club spirit. Among their activities the club sponsored a banana split bash accompanied by the movie Star Wars. Unity of the club was shown at the Homecoming Dance when the members had a pot-luck and attended the dance together as a club.

The annual share drive to raise money for exchange students was very successful. The International Dinner sponsored by the adult chapter of A.S.F. was exceptional due to the variety of cultures represented.

*A.F.S. members include: Koende Boever, Jeff Bott, Ken Ellithorpe, Kyle Borg, Amy Golden, Chris Thom, Jannie Jerup, Carmen Victor, Julie Brownell, Lindsay Collins, Carol Victor, Charlene Jimenez, Brita Lindquist, Ann-Kristin Gelsten, Chris Eberhart, Prep Glouner, Colleen Miranda, Scott Rosenow, Yasuko Okamoto, Not pictured: Debbie Nunn, Carter Bemis.*

# Sci-Tech/Maranatha

Sci-Tech, sponsored by Mr. Bob Schweighardt, has become a popular club for those people interested in such topics as politics, religion, science and world problems. Mr. Schweighardt encouraged debate, discussion, and the expression of personal opinion which the members of the club respect and enjoy.

Sci-Tech members include: Pat Heights, Bill Ebaugh, Scott McColrey, Mr. Schweighardt, Ron Gregg, Kayoko Maeda, Kelly Timpone.

The Maranatha Club was a club designed to promote the indwelling of the Lord Jesus in the hearts of the students and faculty of Rim High. They upheld the ideals of love and friendship by following the "Basic Instruction Booklet for Life" (the bible). This club would like to leave you with one last message for the year; "God ain't dead, He ain't even sick!!!"

Maranatha Club members include: Jeff Green, Jeff Loudon, Rich Erler, Mike Scorziell, Nick Stevens, Greg Hans, Mike Rosedale, Pam Fowler, Tim Weeks, Kevin Norton, Diane Jagt, Debby Brewer, Faye Allen, Roseanna Herrera, Lindsay Collins, Laura Shaw, Cori Giesler, Keri Kimes, Mr. Brian Fox, Mary Morgan, Pam Greenwood, Robin Reiter, Kristin Winch, Julie Goodwin, Jenni Seydin, Lisa Vinto, Marla Hendricks, Susan Hack, Amy Martin. Not pictured: Rollin Ruggles, Debbie Nunn, Robin Rosedale.

# Spanish/C.P.R.

The Spanish Club was more involved than ever. With the help of officers Jenny Aman president, Ken Ellithorpe vice president, Scott Heitz secretary, and Chris Miranda treasurer, the spanish club was able to keep up traditions set long ago.

The annual pizza party was very successful, as was the Cinco de Mayo trip to Olvera Street. Valentine grams were sold and promoted spirit within the club as well as the school.

A special thanks went to club sponsors Mr. Martinez and Mrs. Garcia for their efforts and support.

*Spanish Club members include: Jeff Bott, Todd Velie, Jennifer Moore, Angele Gregg, Laura Sanches, Mike Scorsie, Tina Ibbs, Rollin Ruggles, Kate Scavone, Renee Harris, Lisa Sanderson, Zack Tucker, Shana Madden, Rachel Anderson, Cathy Ibbs, Paul Martinez, Charlene Jimenez, Keri Kimes, Joel Nelson, Sal Iacono, Mark Boyer, Ann Boyd, Julie Jagt, Ron Gregg, Christine Guzzard, Denise Bacon, Jim Bas, Robin Pilant, Charleste Olsen, Gary Gonzales, Lindsay Collins, Anna Silvey, Mia Lawrence, Jay Hassman, Scott Daniels, Douglas Mattoon, Carolyn Daniels, Scott Heitz, Chris Miranda, Ken Ellithorpe, Jenny Aman, Mr. Martinez, Margie Richards, Taja Kolack, Colleen Miranda. "Crazy People at Rim" was active on campus for the past four years. This spirit club started when a bunch of crazy people formed a club in honor of their favorite comedian, Steve Martin. In the past, the club has gone to participate in the Rocky Horror Picture Show. They have held successful Toga dances. Keep it going crazy people!

*C.P.R. members included: Nancy Giggles Montes, Curt Smith, Wayne Davis, Mike Rosedale, Dave Meddles, Ron Gritton, Jay Bird Gregson, Mike Scorsie, Charlene Bunny, Todd Velie, Debbie Nunn, Kim Fisher, Ken Ellithorpe, Chris Miranda, Kim Weiss, Margaret Harris, Mindy McNelis, Cindy Skowron, Rollin Ruggles, Kate Scavone, Jon Madden, Dave Ybarra, Wendy Bowcock, Lya Peters, Heather Kiach, Nora Oscislawski, Sheri Glenn, Michelle Woeltz, Jill Avakian, Tracy Zambel, Pam Greenwood, Andy Ridgeway, Kristen Winch, Robin Riter, Carrie Feather, Sylvia Zamaitat.*

# Drama/German

The Drama club was once again the most active club on campus. Among their many activities were the Halloween Dance and Costume day, the homecoming float, a cookbook sale, the delivery of Santa Grams, the performing Arts Dinner, Variety Show, and the heart of the club, the Fall and Spring productions.

Drama club is sponsored by Joan Neumann. Officers included President Sharee Foley, vice president Sherri Cipich, secretary-treasurer Tami Leibowitz and commissioner of activated Jeanne Torrey.

*Drama Club members include: Rollin Ruggles, Melinda Bandick, Jill Hayhurst, Ken Rose, Allen Kephart, Ron Gritton, Robert Rios, Koen DeBoever, Todd Hilton, Sharon Pearce, Dave Koch, Libby Hamilton, Dave Meddles, Debby Brewer, Kate Scavone, Allison Ready, Ginine Mizerski, Karen Porter, Larry Green, Jim Nardini, Kyle Borg, Michelle Woeltz, Chris Layton, Kim Irvine, Missy Neumann, Carrie Taylor, Sherri Cipich, Kory Trapane, Tami Leibowitz, Jeane Torrey, Sharee Foley.*

The German Club was an academic club for students interested in German culture and activities. Field trips to Alpine Mall and other culture centers, pot luck dinners and discussions with foreign exchange students at club lunches enabled students to become aquainted with foriegn customs and attitudes. Jarle Eldevick, sponsor of the organization, was an invaluable source of information and guidance concerning Germanic languages and cultures. His sponsorship lent a unique flavor to the club.

*German Club members include: Marcus Godwin, Chris Thom, Sean Hasselman, Robin Pilant, Kevin Norton, Breman Colton, Eric Kirkhofer, Udo Rollberg, Sue Tesoro, Diane Jagt, Andrea Setran, Nancy Berry, Amy Golden, Brian Olson, Tim Wolfe, John Boatman, Brandon Crowell, Not pictured: Robert Olson.*

# Varsity/Crackpots

The Varsity Club proved to be most prominent in promoting school spirit. The club work together with sponsor Coach Tim Steel to hold various fund raisers such as the Donkey Basketball game which was most successful.

Members include: Vanilla Thunder, Italian Stalian, David R. Ybarra Jr. (Yatary), Margaret Harris (Oreo), Stacy Williams, Gipper Hargreaves (V.P.), Bird Gregson (President), Zane G. Boyster II, Steve Lee.

Crackpots, under the supervision of Gerry VomSteeg, has become one of the most active clubs on campus. The clubs' main purpose is to promote creativity among our schools' talented ceramic students. Each year they sell their art work in the community, with the money going to support the club and the student activities.

Crackpots members include: Autumn VomSteeg, Beth Curry, Holly Hensen, Debbie Crum, Deonna Lien, Monica Brule, Rhondo Tinney, Kirk Cooke, Rich Ikenberry, Wayne Lamp, Marcus Golding, Samantha Hawley, Richard Hassett, Rick VanRossumer, Steve, Shelton, Gary VomSteeg, Mike Patterson, Jeff Scoggins, Scott Byers, Kenny Kunsek, Brian Ayers, Heidi Brier, Steve Lee, Lisa Foster, Allison Lerner, Mike Scorziell, Kim Madden, Scott Bailey, Teri Wilson, Kent Beachner, Denise Adrian, Robert Castonon, Patti Edwards.

# C.S.F./L.A.P.G.

California Scholarship Federation was a statewide organization recognizing young men and women for academic excellence. Rim included its honored students among the 65,000 scholars in 1000 California chapters. It accepted students who had a 3.6 grade point average or better in academic subjects. Top seniors were awarded gold cords at graduation for their achievement of being a member four semesters or more. Discounted Dodger baseball tickets and Disneyland trips were some of the benefits of being in the top tenth percentile of all students in California. The club advisor was Mr. Lakatos.

C.S.F. members included: Chris Colas, Libby Hamilton, Julie Kepford, Leslie Boquette, Denise Hurd, Charlene Jimenez, Keri Kimes, Mike Rosedale, Scott Rosenow, Cheryl Scott, Gary Glouner, Mr. Lakatos, Michele Smith, Kate Scavone, Gary Estrella, Shannon Walsh, Mia Lawrence, Tina Ibbs, Jennifer Moore, Anna Silvey, Elizabeth Hert, Barbara Duckworth, Peter Yang, Kirk Stowe, Stephen Jayne, Larry Green, Kirsten Olsen, Julie Miller, Carol Victor, Jeff Bott, John Eck, Dan Underwood, Steve McCreery, Kim Weiss, Lindsay Collins, Cristine Guzzard, Lisa Hudson, Nikki Steuerwald, Joel Nelson, Jenny Aman, B. G. Weiss, David Wysocki, Carmen Victory, Alice Woodland, Julie Sanchez, Julie Brownell, Amy McCurdy, Ken Ellithorpe, Tom Finke, Mike Brown.

Lake Arrowhead's Pretty Girls was a spirit club which came into being this year.

This club's main function was raising funds for the school. It was open to both boys and girls, but consisted of all girls except for Guy Hargraves and Jay Gregson, who were the club organizers. The club advisor was Dave Lawrence.

# J.V. Cheer

Providing spirit for the underclass, the J.V. Cheer squad participated in rallies, games and dances.

Under the leadership of advisor, Dave Lawrence, the girls spent long hours in practice to perfect routines. In addition, poster parties, long bus rides and emphasis on balance in mounts prepared the squad for tryouts for the Varsity squad.

The cheerleaders endured many hardships, but despite their problems, they went on to do a great job of supporting all our athletic teams.

They held pep rallies to get the students involved with the different teams, and to encourage them to show their support.

During the summer they attended the United Spirit Associations "Camp of Champs" at U.C.S.D. This proved very beneficial in helping them with their performances.

Dave Lawrence was their campus advisor.

# Journalism

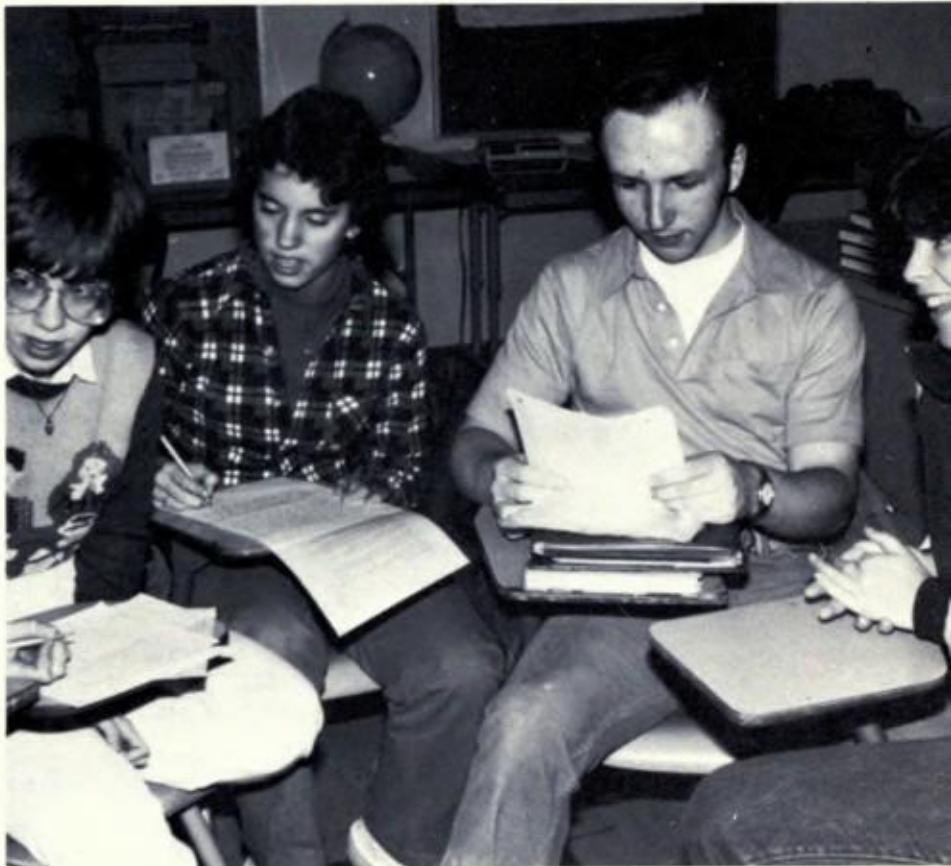

Writing, writing; oh so many different ways. Expressing and creating, stating the facts. By writing we record the past and create the future.

A small group of individuals had taken charge of this exciting and many times tedious subject. This year these people produced our school newspaper, "The Scots Scroll." They were seen here and there on the scene at all times gathering data and information and asking opinions on various topics. Under the leadership of Editor, Mia Lawrence, this staff thrived and proved their eligibility for great recognition.

# Annual

We entered the classroom on September 7, knowing nothing of what lay ahead of us.

Croppers and quadpacks, picas and headaches were soon familiar items, all associated with putting together the 1982-83 yearbook. We stumbled onto our theme and nurtured it until it was perfected. Each page was created through toil and sweat, creativity and dedication. Snow days and holidays took on a whole new meaning to the staff members, for a deadline waits for no man and with the passing of each close-cut deadline we had time enough to take but a short breath before drilling into the next one ahead. We now know the meaning of responsibility and dependence upon others, and we've learned to lift each other up, knowing the gesture will be returned without a second thought.

Annual Staff members include: Mike Patterson — Advisor, Nancy Montes, Gerald Lawson, Paul Martinez, Brian Bolles, Steve Shelton — Advisor, Craig Hobart, Billy Coleman — Assistant Editor, Abigail Shawsby — Editor, Kate Scavone, Jenny Aman, Kevin Garcia, Dee Deena Anderson, Colleen Miranda, Jennifer Moore, Tina Ibbs, Ken Hallet, Robin Rosedale, Elizabeth Smedley, Patti Edwards, Debbie Nunn.

# Student Government

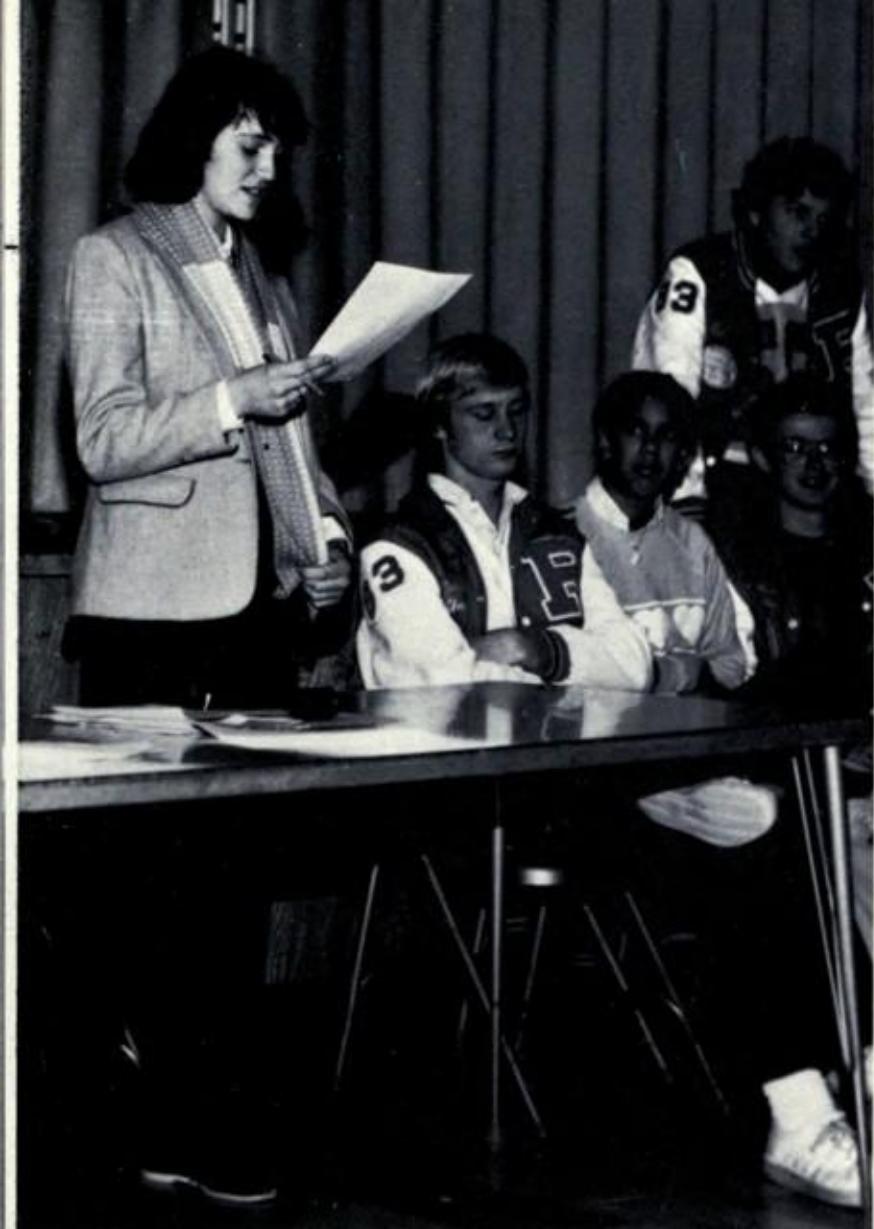

Starting the year off under the leadership of John Lubisich and Debbie Nunn, A.S.B. decided that it was time to put things in order and start going by the book. They approved a new budget, established a Judicial Board, and most importantly, A.S.B. involved the student body in the forming of a new and revised Constitution, which better suited their needs and gave the rules under which to operate.

The members of the Executive Board, composed exclusively of seniors, did an outstanding job throughout the year. The efforts of both the Executive Board and the representatives to Congress, kept Rim students well informed and actively involved in student government.

A special thanks is extended to Uncle Joe Matthews and Sue Hardt for their help and leadership in making A.S.B. a success.

# R.O.P.

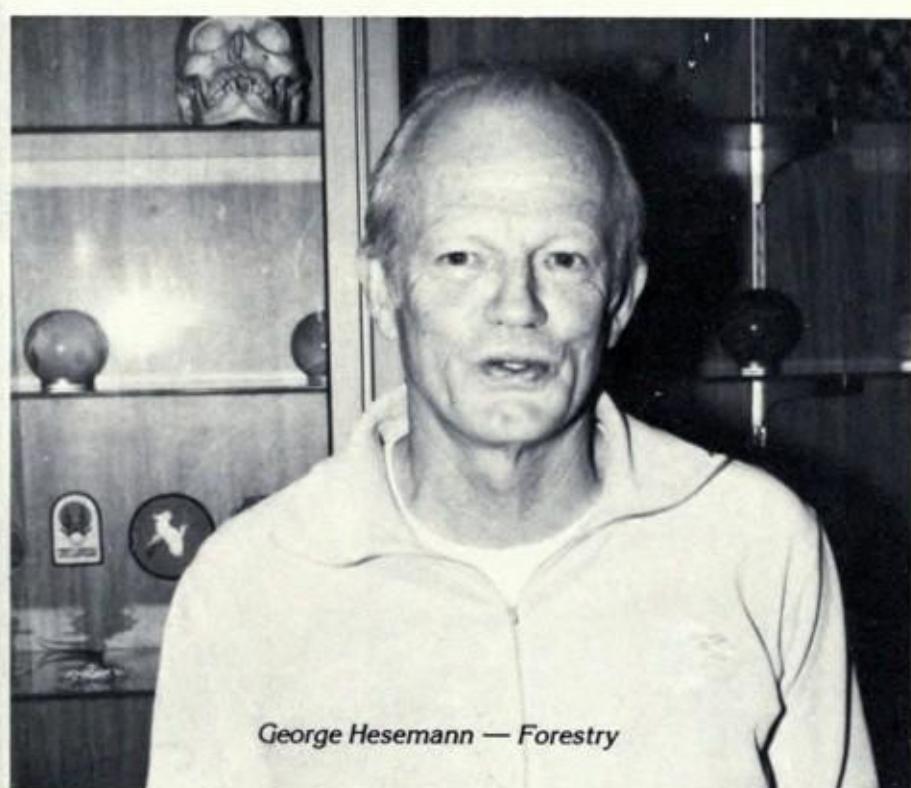

In 1963, the regional occupational program was introduced into the law. In 1968, nine R.O.P. centers sprang up in California, in one year. This program provides instruction for entry level employment, for advanced training or for upgrading of skills. The instructors are credentialed specialists from business and industry. Employers in the community provide expert consultants and promote student placement.

The classes are offered on campus as well as in local businesses. Classes are offered anytime of the day, any day of the week, anytime of the year. School credit can be earned for taking classes in the program. Over three hundred students at Rim are involved in this growing and interesting program.

# Graphics

Graphic Arts updated its facility with a new computerized photo typesetting system. The students were trained to use the offset printing equipment and to arrange layouts and create designs, by using the process camera. Students enjoyed learning a new skill while participating in the production of the Scots Scroll, club flyers, school programs, P.T.A. directories, community brochures and flyers and annual ads as well as their own creative material.

The equipment has helped the students process their ideas. The newest equipment is worth \$75,000.00 and is a true asset to the Graphics Department.

A special thanks goes to Richard Turner and the Graphic Arts program from The 1983 Pibroch Staff. Time and time again, the Graphics crew assisted with the big deadline. Thank you for all the hard work you've done throughout the year.

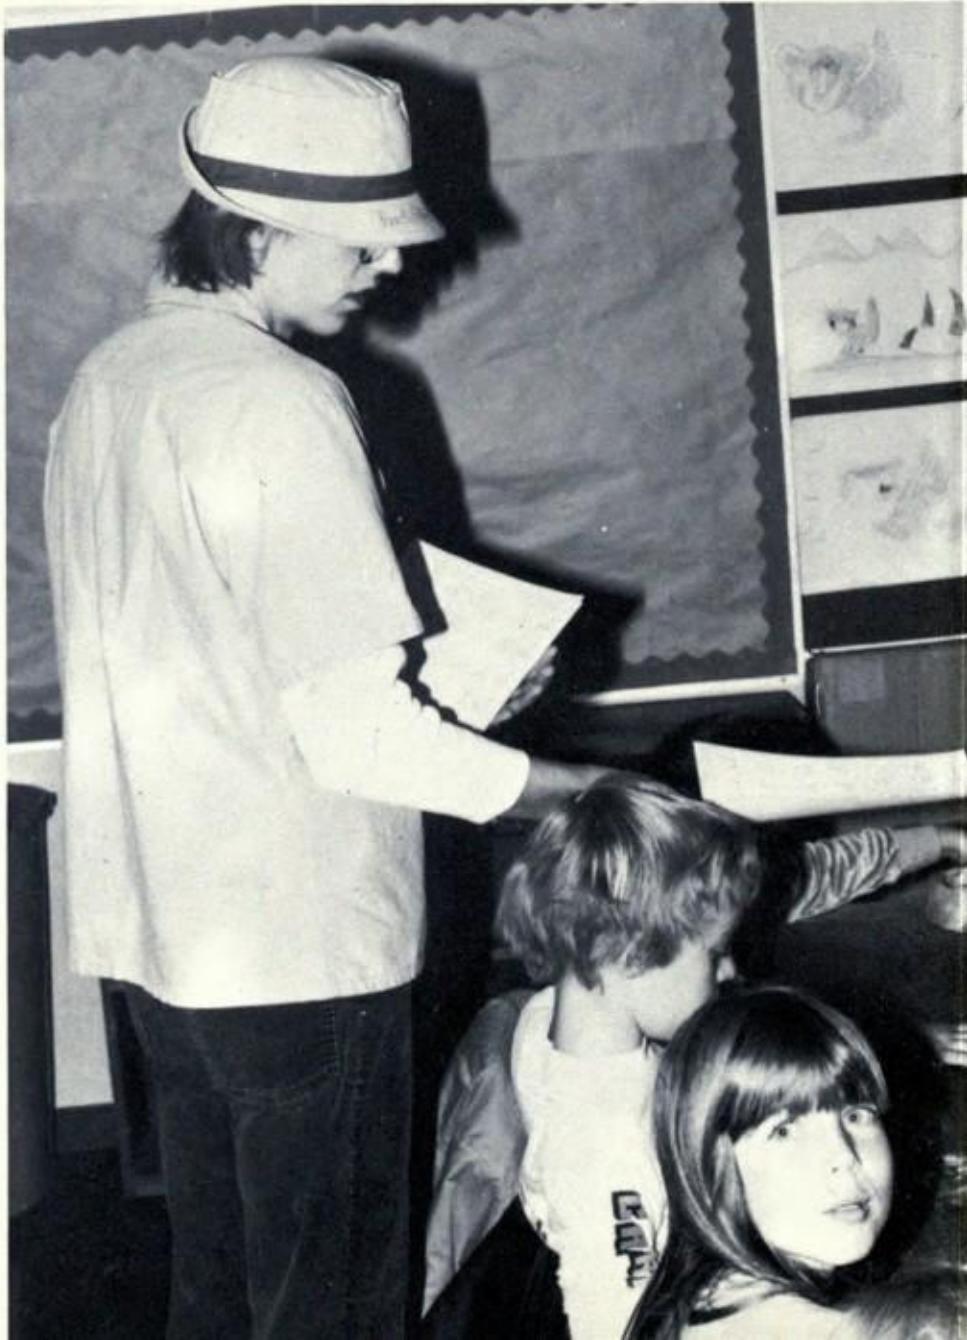

# Child Development

The ROP Child Development program at Rim High has been in existence for the past five years under the instruction of Jan Ross. For most of those years, the program was held at her pre-school, Four Seasons, in Rim Forest. The program was moved to the Rim High campus in February 1981.

The children in the pre-school are brought by their parents to the school to spend a three-hour day. Children usually attend two or three times weekly. Since the school is operated under the auspices of the Rim School District, the program can accommodate children of many ages.

Rim High students are involved with the program each year, and during the 1982-1983 school semester, fifteen students are enrolled. Each of the students is given assignments to complete and activities to do with the children. This gives the Rim students a chance to see what a pre-school program offers. It also gives them the chance to find out what pre-school children are really like in a "classroom situation." In return, the pre-school children have the opportunity to work

with several adults in a classroom situation. The children come to love the Rim students and vice-versa.

Each Rim student is given 30 credits for each semester they are enrolled, if they can take two class periods each semester.

Having the pre-school on the Rim campus offers high schoolers, parents, and staff members the chance to have a centrally located classroom that is easy to reach, even if the weather is bad.

# Marching Band

The Marching Scots with director Mr. Brian Fox and Drum Major Jeff Bott experienced a very interesting and successful season. The band and tall flags were led by Captain Julie Goodwin and lieutenant Chriss Laton; Drill Team's leadership was captain Lisa Miller and lieutenant Ann Boyd; Scottish Dance team was led by Robin Goldsworthy Captain and lieutenant Kristi Ross; The Bag pipe corp was lead Captain David Koch and lieutenant Jason Sharp. All groups grew in size, spirit and comradery.

The season started off in late August with pre-school rehearsals in the morning then in the evenings, but all this hard work payed off when the group was noted as being bigger and better when they took the field at the first home game.

Rehearsals were held on Tuesdays and Thursdays after school from 2:30 to 4:30.

Marching Band members include: Rachel Anderson, Michelle Bacon, Britt Barnes, John Bertrand, Eric Bishton, Julia Blick, Jeff Bott (Drum Major), Mike Brewer, Jimmy Caldwell, Brian Callis, Lisa Cammarata, Sheri Cipich, Alex Craigie, Scott Daniels, Ken Ellithorpe, Michelle Guzzard, Greg Hans, Sean Haselman, Marla Hendricks, Lisa Hudson, Lori Hussey, Jenny Hutchinson, Diane Jagt, Julie Jauron, Eric Kirkhofer, Cindy Kreis, Paul Martinez, Robert Martin, Linda Masing, Cathy Mattoon, Doug Mattoon, Kristine Miller, Chris Miranda, Colleen Miranda, Mary Morgan (Mascot), Mike Nelson, Ted Nieblas, Kevin Norton, Amy Olson, Jon Pietrzak, Robin Pilant, Patrick Rogers, Bill Rosano, Ken Rose, Tina Rubio, Laura Sanchez, Lisa Sanderson, Angie Selvidge, Andrea Setran, Heather Stephens, Carrie Taylor, Pete Westburg, Carrie Westphal.

Band Auxiliary Captains include: Chris Layton (Lt.), Julie Goodwin (Captain), Kristi Ross (Lt.), Ann Boyd (Lt.), Robin Goldsworthy (Captain). **Not pictured:** Lisa Miller (Captain).

Scottish Dance Team members included: Stephanie Bartlow, Teresa Fisher, Robin Goldsworthy, Ingrid Hagerstrom, Christy Lucas, Michelle Newton, Kristi Ross, Joann McCrory, Connie Collier, Kristi Von Pingel.

David Koch illustrates the art of "Blowing in the Wind."

Tall Flag Team members include: Stephanie Buesching, Chris Cowan, Carolyn Daniels, Wendy Gibbs, Cori Giesler, Julie Goodwin, Monica Kaselman, Julie Jagt, Shay Jensen, Cari Johnson, Kim Johnson, Kerry Kohrell, Chris Layton, Rachel Milan, Tami Nelson, Charlestine Olson, Tammie Olson, Melissa Reese, Robin Reiter, June Sample, Elaine Schurter, Laura Shaw, Jeanne Torrey, Yvonne Waelder.

Drill Team members include: Faye Allen, Susan Bardecker, Stacey Black, Ann Boyd, Julie Brown, Nicole Cervin, Alissa Chandler, De De Derr, Angela Eynon, Vicki Fels, Michelle Frenette, Shanna Foley, Roseanna Herara, De Ivet, Joanna Jones, Rhonda Loper, Michelle Mirandi, Lisa Miller, Catherine Parker.

The band practiced on the south end of the parking lot on the newly acquired blue lines which came to be known as Fox Memorial Stadium.

Participating in concerts for the community parades and field shows kept the marchers on the move. The group traveled to Anaheim for the Anaheim Halloween Parade on October 30, Los Altos for their first field show competition on November 12 and Anaheim again for the Savanna field show tournament. During the Holiday season, the groups performed at Christmas happenings in Blue Jay, Crestline, the Village and the Hilton. The annual Christmas concert was held on December 13. January 20 the Marching Scots were invited to march at Disneyland for their fourth year.

# Choir

Led by James B. Gibford the 1982-83 Choir and Ensemble will always be remembered.

The highlight of the year was a co-performance with Big Bear. Rim hosted Big Bear for a day, then that evening put on a concert. This was a learning experience both musically and socially.

Many fund raising events were held including a bowl-a-thon at Rim Lanes, a spaghetti dinner, as well as selling Christmas ornaments.

*The groups worked together under the leadership of officers Scott Rosenow, President; Michelle Kinderman, Vice President; Sharee Foley, Secretary; and Carrie Oversby, Treasurer for Choir. Ensemble officers were President Debby Brewer, Vice President Kristin Winch, Secretary Ginine Miserski, and Treasurer Genia Postoy.*

# Jazz/Concert

With saxes and trumpets, keyboard and guitar, trombones and percussion the 1982-83 Jazz ensemble proved themselves to be an exciting and lively group, giving a new meaning of jazz at Rim. The young musicians were under the direction of Mr. James Gibford. Mr. Gibford's knowledge and enthusiasm in jazz had the group sounding better than ever.

The group worked hard raising funds to attend a three day festival at Magic Mountain, May 4, 5, and 6, where they did very well and represented Rim in an exceptional way.

Performing for the community in various concerts made up a major part of the year, giving the ensemble a chance to entertain the home crowd. The group brought back the tradition of sponsoring a jazz group for the listening pleasure of the community as well as the students.

# Wind Ensemble

The **Concert Band** with director Mr. Brian Fox had a very successful year. The annual Christmas Concert held on December 15 was the highlight of the Holiday season.

The group participated in festivals, while individuals prepared for solo and ensemble festivals, as well as auditions for all-state, all-southern and all-county honor bands.

Most efforts focused on working together with officers Chris Miranda President, Paul Martinez Vice President, Diane Jagt Secretary and Michelle Bacon Treasurer to plan and raise funds for the spring tour. Funds were raised by a raffle, gift wrapping during Christmas, a bowl-a-thon and a booth at the Winter Fest. 20,000 dollars was needed to take the group on their tour of northern California with stops in Santa Barbara, Solvang, and San Francisco.

The 1983 Wind Ensemble composed of the top 30 instrumentalists came together second semester as the talent the group possessed was incredible. They advanced musically in both sound and technique. Hard work, practice, and dedication paid off as awards were received through participation in festivals. Each member of the Wind Ensemble was personally satisfied with the success of the year.

Graduating Class of 1983;

The Market of Quality.

We, Goodwin and Son's Village Market, compliment you for your twelve years, two thousand one hundred sixty days of effort and labor. You have paid a price for a product that will benefit our nation in maintaining Her righteous values of equality, sustaining the freedom She was conceived in, and upholding the vision our forefathers gave their lives for. We also commend and encourage you with our 40th President's most recent written proclamation:

“May 1983 be the year of the Bible.”

We add, may not only 1983 be the year of the Bible, may your entire life be filled with its reality, the meaning of your existence.

Prayerfully yours  
Goodwin & Sons

A unique collection of lovely giftware and decorative accessories. Imported soaps, teas, crystal and baskets.

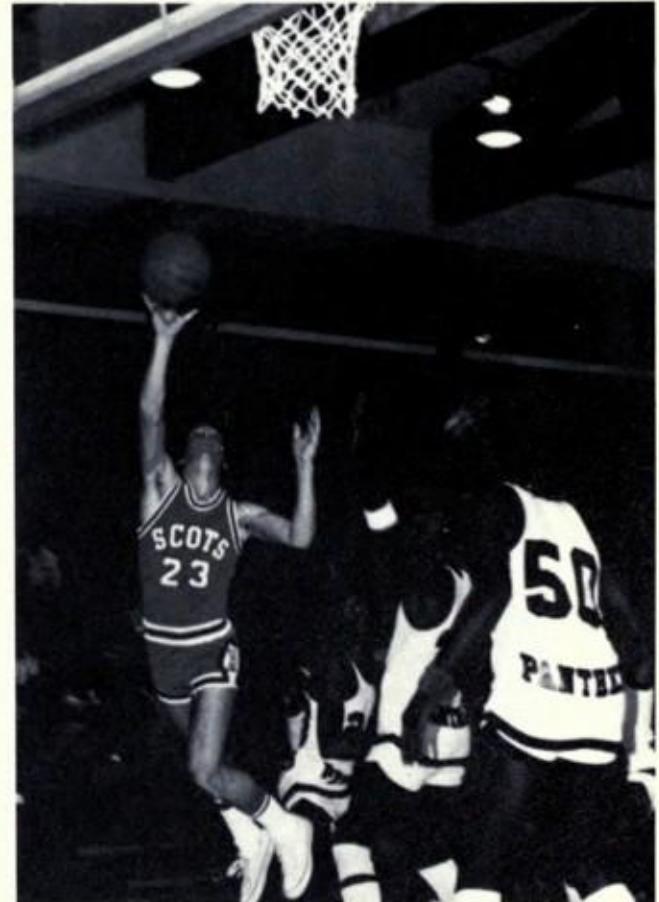

Determination; Fear; Pride; Taking on the odds and beating them. All characteristics of a Rim Athlete. Long hard practices that paid off as the Scots shone; proving that they would not lay down and admit defeat when victory was so close at hand.

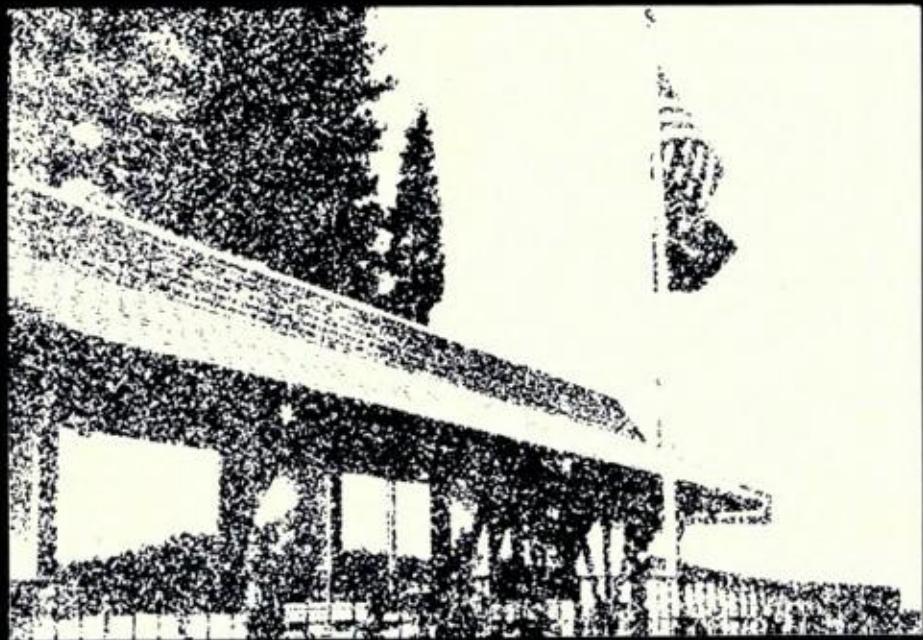

Cries of victory; Tears of defeat; Winning; Losing; it's all part of the game. Learning to accept winning as well as losing is where the hidden treasure lies.

You may soon forget the pythagorean theorem or what the secret of gravity is, but will you ever forget the special moments in which you interacted with one another becoming an unbeatable force of individuals? Will you ever forget that thrill of victory? That knowledge that you are being the best that you can be?

The door to life is standing ajar and waiting for the class of 1983 to pass through. Gone are the days of worrying about how many laps coach will make you run because you're 5 minutes late. Life. A challenge. One I am sure you will meet with fear as well as confidence. To you I wish the best of luck!

# The Student Center.

Going to McDonald's® is almost as much a part of school as going to class. You've made us the place to meet, to talk, to have a good time, to celebrate your victories and help forget defeats.

You've made McDonald's more than just another place to eat. And that's why, at McDonald's, we say...

*You deserve  
a break today®*

## Night by Night

**Prank** — (prank) noun: a ludicrous or mildly mischievous act.

Hats off to the seniors who properly defined the meaning of prank. The exasperated administration never knew what to expect from the spirited Senior class.

September began the planning of various methods of livening up the school and by October, our little surprises began to show up.

The goal posts magically changed colors one night and Santa delivered a Christmas tree just before Christmas break. Our school speed limit in the parking lot was changed to 55 M.P.H. and who can forget the night it rained fried eggs? Senior square was attacked one day by hooded gangsters who thought the underclassmen might enjoy some Reddi-Whip for lunch. Super Chicken (remember the cartoon) and his band of merry men made a guest appearance in the halls of Rim. How did we know it was Super Chicken? Why they were all wearing capes that said '83!

Our pranks were many, and were done in fun. This was our farewell to Rim and to our childhood; tomorrow I suppose we'll grow up.

## Standin' on a Mountain Top

On July 11, 1983 our World Cultures' teacher, Marty Nicholas will be leaving for the Pamir Mountains, located in South Central Russia. The Pamirs are between Hindukush and the Himalayas. The objective is to climb Peak Communism at 24,590 feet high, which is the highest peak in the Pamirs and in Russia. The expedition will be 5 weeks long, 4 of which will be spent conditioning and climbing. The climb itself will take between 8 and 14 days. Before returning to the States, Mr. Nicholas will tour Central Asia, Bolchara, Tashkent and Samarkand; places very few westerners ever get a chance to visit. We wish Mr. Nicholas the best of luck.

## Long Distance Voyagers

December 11-20, four Rim runners went to Taiwan as members of a team of American athletes to run in the Republic of China National 8.5 kilometer championships. They were Tim Hubbs, Greg DeCarlo, Beckie Boone, and Lindsay Collins. They were selected from their entries in the Mount San Antonio College cross-country invitational. The team was made up of forty five runners from high schools throughout Southern California. The Rim students raised part of the expense of the trip from community clubs and organizations.

The group spent the first four days of their trip in Honolulu, Hawaii where they watched the Honolulu Marathon and enjoyed the sun and surf. The remainder of their trip was spent in Taiwan. They visited Taipei (the capital) and the city of Kaohsuing. The competition took place in Kaohsuing. There were 1500 runners in the race which was a little over five miles. The Rim runners finished well and many of their teammates received trophies.

All four agreed that the trip was a fabulous experience and were grateful to be a part of it.

## Very Special

Each year seems to claim a few of our favorite people, famous or friends, and though the loss of someone is simply nature making room for the new members of our world and the high school graduates are looking for a position to hold, death is a difficult subject to understand or accept. Our senior class was fortunate to have all its members in good health for our final ceremony, but there are a few people we'll remember as very special though we never knew them personally. Among these are actor, Henry Fonda; Princess Grace; and singer, Karen Carpenter. All contributed happiness to a lot of people and their presence will be missed.

## So Long

After eleven years of entertaining us, M.A.S.H said farewell. Each episode was written and acted with humor, yet had a serious message to pass on. The cast was so likeable, we felt as if we knew them: B.J., Hawkeye, Hot Lips, Col. Potter, Klinger, Charles, Father Mulcahy; and from the early cast: Radar, Henry, Trapper Nurse Baker, and Frank. They all had such distinctive and realistic personalities. Thank you M.A.S.H. for allowing us to grow up with your subtle teachings and lessons, your comedy and cast. Monday nights will never be as fun without the 4077.

## In Answer to Prayers . . .

Last year Edward Karady, then a freshman, was involved in a near fatal accident in a four-by-four which left him unable to walk or talk. His family was told he would never regain these abilities but with the prayers and thoughts of many students, families, and community members, Edward is now walking with aid and talking. Keep it up Edward, you're in our thoughts.

## My Generation

Recognize these places? How long will they remain our hangouts? How long before we go our separate ways?

Nancy's Attitude Adjustment Center provided us with a weekend retreat where we could kick back and forget everything. Thanks Nancy!

Del Taco was our refueling station after our wins and losses at every sporting event. It was the first place we thought of when we were attacked by the "munchies."

Hey, don't forget I'll meet ya at Nancy's next year when everyone's home for Christmas.

### SICK

"I cannot go to school today," said little Peggy Ann McKay.  
"I have the measles and the mumps,  
A gash, a rash, and purple bumps.  
My mouth is wet, my throat is dry,  
I'm going blind in my right eye.  
My tonsils are as big as rocks,  
I've counted sixteen chicken pox  
And there's one more that's seventeen,  
And don't you think my face looks  
green  
My leg is cut, my eyes are blue —  
It might be instamatic flu.  
I cough and sneeze and gasp and choke,  
I'm sure that my left leg is broke —  
My hips hurts when I move my chin,  
My belly button's caving in,  
My back is wrenches, my ankle's  
sprained,  
My 'pendix pains each time it rains.  
My nose is cold, my toes are numb,  
I have a sliver in my thumb.  
My neck is stiff, my spine is weak,  
I hardly whisper when I speak.  
My tongue is filling up my mouth,  
I think my hair is falling out.  
My elbow's bent, my spine ain't  
straight,  
My temperature is one-o-eight.  
My brain is shrunk, I cannot hear,  
There is a hole inside my ear.  
"I have a hangnail, and my heart is —  
what?  
What's that? What's that you say?  
You said today is . . . Saturday?  
G'bye, I'm going out to play!"

— Shel Silverstein

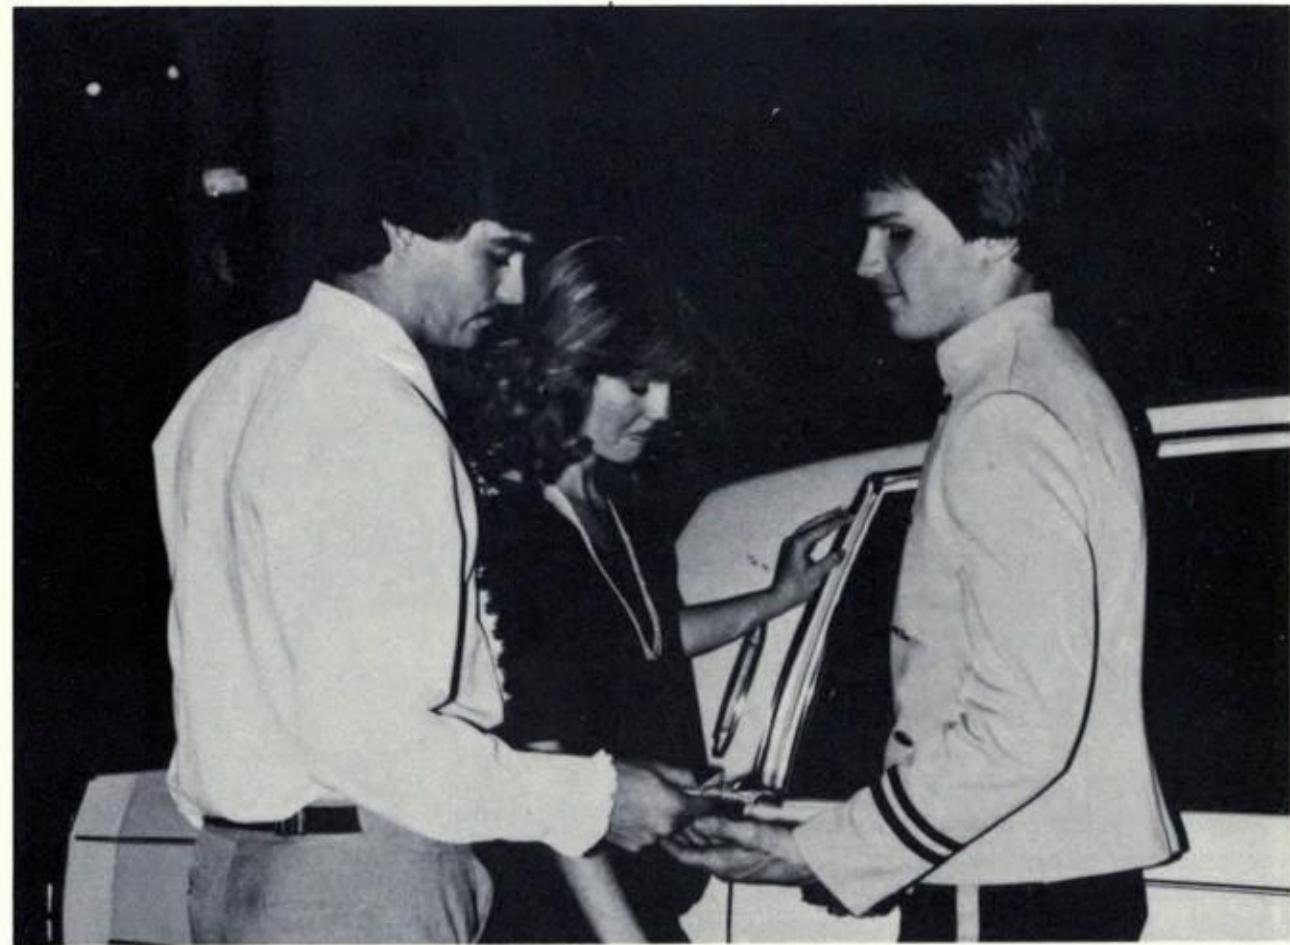

This poem, taken from Shel Silverstein's book **Where the Sidewalk Ends**, is dedicated to all of those students who have experienced an attack of "Spring Fever," with special application to my fellow classmates whose illness is compounded by acute "Senioritis."

— Kathleen Shaw

# One Enchanted Evening

In the midst of mighty mountains, and towering trees, and surrounded by the crystal waters of Lake Arrowhead the setting for the Junior-Senior Prom was created. From there the setting grew dramatically. The stars shone bright and the air was crisp and filled with the excitement of prom. The new Arrowhead Hilton, with its chandeliers, soft lights and charm enriched the elegance of the evening.

Juniors and seniors alike discarded the Levi's, sweatshirts, and loafers, to fall into a night of fantasy. Elegantly dressed in the formal attire of long, flowing dresses and stately tuxedoes, the students enjoyed a formal dinner and were then enchanted by the music, dancing and elegant atmosphere.

# A Message to Our Class

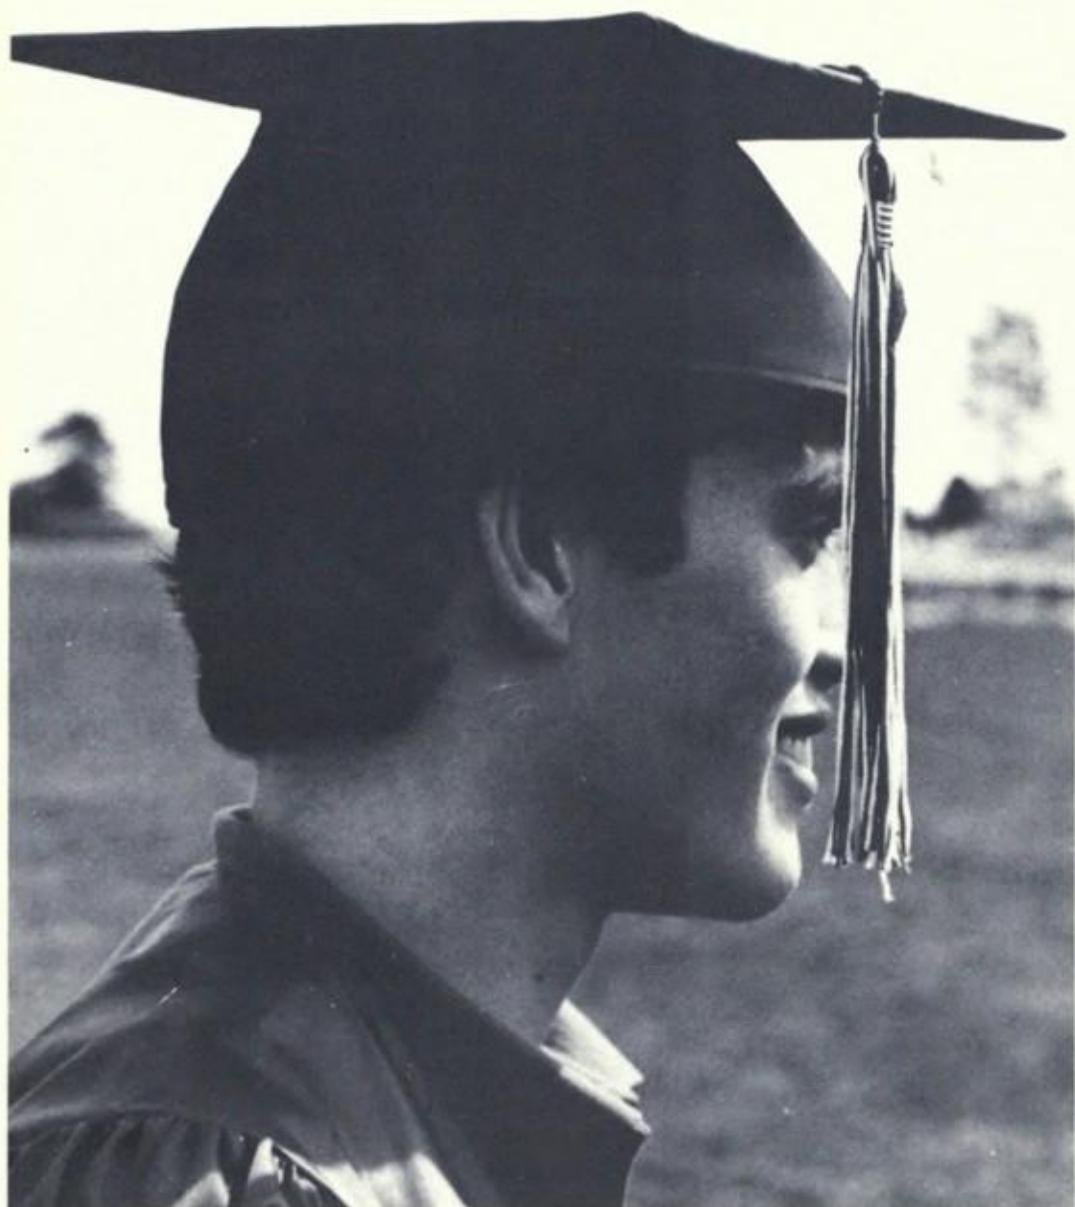

“Time it was, and what a time it was, it was  
A time of innocence,  
A time of confidences,  
Long ago it must be  
I have a photograph  
Preserve your memories; They’re all  
that’s left you.”

— P. Simon

# We May Never Pass This Way Again

"I went down to the sacred store  
where I'd heard the music years  
before, but the man said the  
music wouldn't play . . ."

---

" . . . and there we were all in one place a generation lost in space with no time left to start again . . . "
